[REDACTED]
San Francisco, Calif.

[REDACTED] stated that she had entered the Hibernia Bank, 1450 Noriega, San Francisco, slightly prior to 9:40 A.M. and had gone directly to the center teller's window, as there were no customers waiting in line. She had given the teller a check and the teller was taking it to be countersigned when she heard a commotion behind her, after which she heard someone yell something to the effect of "This is the SLA."

Turning to her right, she saw a young lady standing between herself and the drive-in window close to the tellers counter holding a short rifle. It did not look like a standard hunting rifle. It had a shiny, new-looking barrel. This young lady was yelling something like "Lay down" or "Get your hands over your head," and then she turned to [REDACTED] and said, "You there, lay down over there with your hands on your head." [REDACTED] picked up her belongings and cash from the counter in front of her and walked over towards the center of the bank and laid down as she had been instructed to do.

[REDACTED] stated that as she turned to her left to go lay down, she noticed another girl, whose back was to her, who apparently was also holding some sort of a rifle. After laying down, [REDACTED] saw nothing else, although she did hear what she thought were three shots being fired.

She stated she was very frightened after she got up and does not recall very much between when she got up and when she got to work, other than holding a wounded man's head for a short while.

She described the young lady who was standing between herself and the drive-up window as being a Caucasian female, approximately five feet tall, average build, brown hair,

and this was repeated several times. He stated that his position when he went down on the floor was located between the two customer service counters, and he was lying face down. He stated he kept his head down and did not observe anything after this. He did, however, hear somebody yelling "hurry up" several times and also heard some comment regarding "keys". He next recalls hearing a burst of gunfire which he described as six or seven rounds of automatic fire which he believes were fired into the floor of the bank. He advised that he felt that the gunfire struck the floor near his feet but he was not hit. Shortly after this, he heard a single shot and simultaneously the sound of breaking glass. After the shot he recalls that the bank was very silent and approximately one minute went by before he heard somebody say "it's okay they're gone". He stated he still remained face down for approximately 15 or 20 seconds, then got up and walked out the front door of the bank. He stated he observed an individual lying in front of the bank bleeding and [REDACTED] was standing by the car along with [REDACTED]

[REDACTED]

He advised that he did not observe anyone pointing a weapon at PATRICIA HEARST.

[REDACTED] furnished the following additional information:

On April 15, 1974, she drove her automobile, a 1948 black Plymouth, four-door sedan, California License [REDACTED] to the Hibernia Bank, 22nd Avenue and Noriega, San Francisco, California, at about 9:45 AM, and parked on the east side of 22nd Avenue, about two car lengths behind the bus stop, which is immediately outside the bank. She observed a dark colored Chevrolet or Ford, late model, license not known, double parked on the other side of 22nd Avenue, about 100 feet north of her car. She observed no one in this automobile. She observed nothing else unusual at the time she parked her car and entered the bank at the Noriega Street entrance.

The bank was locked, and she waited at the door for about 3-4 minutes before the doors were opened. There were several elderly people waiting to enter the bank. She also observed a white female in her middle 20s, medium build, with dark hair, about 5'4" tall, wearing a blue sweatshirt with a blue hood and blue denims, and was barefooted. With her was a white male in his 20s, about 5'7" tall, medium build, dark hair with long sideburns, wearing a white T-shirt, maroon corduroy pants and dark tennis shoes. All of these individuals went into the bank when it opened.

[REDACTED] proceeded immediately to the left rear of the bank and asked a woman teller to cash a check. She was referred to a bank officer at a desk near the center of the bank. She began to walk toward his desk when her attention was drawn to a black male standing inside the bank, a short distance from the front door. Immediately behind him she observed about three other adults. She only obtained a glimpse of them and could not tell their race or gender, nor describe their clothes. She did not observe that they were carrying any guns.

The black male, who was standing in front of this group, was holding a rifle under his right arm. He lifted it up and pointed it in her direction and in the direction of other bank customers standing near her, and then began yelling orders in a loud voice to the effect that all of them should get down on the floor if they did not want their heads blown off. She immediately layed down on the floor in about the center area of the bank near the desk of a bank officer's secretary. She placed her hands over the top of her head and layed motionless on the floor, face down, for about six or seven minutes. During this period of time the black male with the gun swore at the group in a loud voice, telling them that they should keep down or they would be shot. When she heard other customers in the bank begin to talk, she got to her feet, and the black man with the gun and the others who were standing behind him, were gone. [REDACTED] did not make any observations after she layed on the floor other than to hear the voice of the black man with the gun. She immediately left the bank, went to her car and drove from the area. She saw nothing unusual when she left the bank. The automobile that was double parked behind her on 22nd Avenue was not seen by her when she left the bank.

During the morning of April 15, 1974, he and a friend, EUGENE BRANNAN, went to the Hibernia Bank, 22nd and Noriega, San Francisco, to transact business. BRANNAN went into the bank first while he stopped to mail a letter and was slightly behind him.

MARKOFF said that as he stepped inside the bank, he heard what he thought was a male voice from inside the bank say, "Get out of here!" MARKOFF said that he observed a male individual with a beard standing inside the bank near the quick deposit box. He does not know the race of this person, nor remember anything else about him except that he had a beard and that he was holding a short rifle or shotgun in his hand which this person pointed at him. He does not know if he was the person who spoke to him but did not observe anyone else in the bank.

MARKOFF said that he started to back out the bank door and at this time heard a loud noise which he assumed was a shot. He then recalls falling down just outside the bank doors with his face toward the sidewalk. He can recall hearing one other loud noise just after the first one, which he also assumed was a shot. He was unable to tell where the shots came from or who fired them.

was

interviewed at San Francisco General Hospital, 22nd and Potrero, San Francisco. He provided the following information:

During the morning of April 15, 1974, he and a friend, **PETER MARKOFF**, went to the Hibernia Bank, 22nd and Noriega, San Francisco, to transact business. Both of them walked to the door of the bank together, with him (**BRENNAN**) entering first.

BRENNAN said that as he stepped just inside the bank door, he saw people laying on the floor of the bank. He said that he suspected from this that a robbery was in progress and that he had just started turning toward the door to leave when he heard a loud noise and felt a heavy feeling in his side, and reached down with his hand and discovered he was bleeding. This was determined at the hospital to be from a bullet wound.

BRENNAN said that he ran out the door of the bank and turned right, running down the street. He said that he was picked up by an unknown individual and driven to Shriners Hospital.

BRENNAN said that he recalls hearing only one loud noise and that he is unsure exactly where this came from. He does not recall hearing anyone say anything inside the bank, nor did he observe anyone upright or with a gun. He does recall seeing **PETER MARKOFF** lying on the sidewalk as he ran past him.

He recalled that around 10:00 a.m. on April 15, 1974, he was in his office which is located near the opposite end of the same block on which The Hibernia Bank, Sunset Office, San Francisco, is located. His office is also on the same side of the street. He heard a loud report best described as resembling an automobile backfire and he thought that an auto accident might have occurred and he thereafter went from his office out onto Noriega.

The noise came from the west and when he looked in this direction, he observed a man down on the sidewalk at the door of the Sunset Office, The Hibernia Bank. As he took a second look, he recognized the man who was down in the street as the individual who operates the liquor store on the north side of Noriega Street between 20th and 21st. [REDACTED] started to walk west down Noriega toward the bank and when he arrived in front of the Fay Cleaners, 1432 Noriega, he heard a shot and felt a sting as if he had been stuck with a pin in his right leg. [REDACTED] displayed a small scab on his leg which he advised was as a result of his being struck by a small piece of metal. Simultaneous with the shot and his being struck, [REDACTED]

[REDACTED] shouted to him "Get down. They've got a gun (s)". [REDACTED] while all this was occurring was in the middle of the sidewalk on the north side of Noriega Street. He immediately stepped to his left, taking up a position behind the fender of a truck which was parked diagonally to the curb in the area of Fay Cleaners, 1432 Noriega. He remained in this position until he observed employees of [REDACTED] real estate office to be out in front of their place of employment and he realized that it was safe to come out. [REDACTED] acknowledges that during the time he was on the street and while behind the truck he was looking in the direction of the Sunset Office of The Hibernia Bank. was the man who was down in front of the bank. He recalls thinking that the man possibly had a heart attack. He feels now that he almost had tunnel vision to the man down to the exclusion of anyone else in the area.

As the shot was fired in his direction, he recalls that there was a man in a red coat who came out of the bar at 1430 Noriega Street. This man immediately took up a position against the wall.

[REDACTED] was unable to identify any other possible witnesses to the robbery of the bank and he stated he furnished his observations as to what had occurred to the San Francisco Police Department shortly afterwards. He also turned the piece of metal over to the San Francisco Police Department.

XI. NEIGHBORHOOD INVESTIGATION

A thorough and extensive neighborhood investigation of a nature far beyond anything ever conducted in connection with a San Francisco Division bank robbery was implemented utilizing somewhere under approximately 200 FBI and San Francisco Police Department personnel. This neighborhood investigation extended throughout the Sunset District of San Francisco and during this investigation personnel involved were alert not only for items of an evidentiary nature which might have been abandoned along the getaway route, but also to identify switch cars and to insure that bank robbery suspects were not holed up in the neighborhood. Investigation where positive will be set out subsequently under appropriate breakdowns. For the sake of brevity, details of negative investigation will be maintained in the files of the San Francisco office.

[redacted] advised that on the morning of April 18, 1974, she was transporting [redacted]

[redacted] had to stop at his bank, the Hibernia Bank located at 1450 Noriega, San Francisco. [redacted] parked her car diagonally into the curb about two or three parking spaces west of the bank. She recalled glancing at the clock located above the bank which indicated that it was 9:45 AM. They were not aware of the bank's new operating hours and decided to wait in the car until 10:00 AM. At 9:50 AM they noticed customers entering the bank premises, therefore, [redacted] departed the car and entered the bank. A few moments later [redacted] observed three or four persons walking in single file toward the bank entrance. Her attention was brought to these persons as they were dressed in unconventional dark clothing. She was unable to positively determine the sex of these persons and as the individual first in line (possibly a female) arrived at the bank door, she dropped a dark colored object. As she stooped to retrieve it, she was urged or pushed by the second individual, possibly a male, into the bank. It appears to [redacted] that the second individual appeared impatient or in a hurry and she particularly remembered this incident as it impressed her that the second person was rude and impolite.

Approximately four or five minutes passed when [redacted] heard what she thought to be an automobile engine backfire. She looked west up Noriega Street and when she returned her attention back to the bank entrance, she observed a dark complected male, possibly a Negro, late 20s or early 30s, 5' 9" to 5' 10" tall, wearing a black full length coat and a dark hat with a large floppy brim. She saw this person fire two or three shots from a weapon which was partially concealed beneath his coat. [redacted] next saw a man lying on the sidewalk, and she then observed the man in the black coat follow other persons around the corner on 22nd Avenue at which time they were out of her sight.

She said that much confusion followed and she with [REDACTED], got out of the car and made inquiry of bystanders as to the welfare of the other bank customers. A few moments later [REDACTED] exited the bank and because of their flight schedule and deadline to meet the plane at the airport, they immediately departed from the scene. While en route to the airport, [REDACTED] related that when the robbers entered the bank they shouted "SLA" and "PATTY HEARST" several times.

[REDACTED] was shown photographs of the following persons but could make no identification:

CAMILLA CHRISTINE HALL

NANCY CECILE DE VOTO

PATRICIA MICHELLE SOLTYSIK

EMILY MONTAGUE HARRIS

WILLIAM TAYLOR HARRIS

[REDACTED]
DONALD DAVID DE FREEZE

ANGELA ATWOOD

[REDACTED] was also shown bank surveillance camera photographs taken at the time of the robbery and she advised that the clothing worn by the black male was similar to what she described except she remembers that the hat he was wearing was dark in color. She added that she could only remember the clothing worn by the other persons as being dark in color.

She added again that her observations of the above individuals was so brief that she does not believe she could make a positive identification should she see these individuals again.

She was advised of the identities of the interviewing Agents through the display of credentials and thereafter provided the following voluntary information:

She stated that on the morning of April 15, 1974, she, [REDACTED] and [REDACTED] San Francisco, California were en route to the Los Angeles Airport. She stated her son had to cash a check and they stopped at the Hibernia Bank. She stated when they arrived at the bank they parked in a diagonal parking slot directly in front of the front door. She stated that they all sat in the car for a few minutes and at approximately 9:45 a.m. her son noticed that several people were entering the bank. She stated her son felt that possibly the bank had opened early on that date and therefore he got out of the car and walked into the bank. She stated a few seconds after he entered the bank a group of four individuals came around the corner of the bank off 22nd Street. She stated that she commented to [REDACTED] "what a crummy looking bunch". She recalled that of the four people she recognized two as being females and one as being a male but was not aware of their race. She stated she did not observe any weapons being carried, however, all of the individuals had long or three-quarter length coats on. She stated that one of the females, whom she later identified as PATRICIA HEARST, dropped something before getting into the main entrance of the bank. She stated it was white in color, circular looking, approximately three to four inches in diameter and looked like a piece of paper. She stated this female immediately reached down and picked up the object and the four individuals continued into the bank in a single file.

She stated that she is not sure how much time elapsed, but the next thing she recalls is a man wearing a green jacket walk down the street and into the bank. She stated almost immediately this individual turned and started out of the bank when she heard a shot and the individual fell to the ground in front of the car. She stated the individual was holding his

back and she could observe him bleeding. This individual kept repeating "Oh my God I've been shot". She stated after this individual was shot, within a very short period of time, the same four individuals exited from the bank. Two of the individuals, one male and one female, continued around the corner of the bank to 22nd Street while two females, one of whom was PATRICIA HEARST, stopped and looked down the street, pointing a weapon she was carrying. She stated that HEARST fired the weapon down the street and that both she and [REDACTED] fell down in the car as they were afraid that she would shoot at them. She stated she does recall that the man coming out of the bank had a revolver in his hand and that the girl who remained with PATRICIA HEARST was wearing a light colored coat.

When these two females ran around the corner of the bank, she got out of the car and stood next to it. She stated shortly thereafter the Bank Manager came out and stood with her. She stated that shortly thereafter her son came out of the bank and told them to get into the car. She stated after they got into the car they sat for a few seconds trying to decide what to do and her son then drove the car away from the bank. She stated that she recalls that a customer left the bank at about the same time that her son did. She stated he was wearing some type of a red jacket with white lettering on the back and that he ran across the street where he got into a truck of some kind and drove away.

She advised that she did not observe anyone else being shot other than the man in the green coat directly in front of the car. She advised that it was her opinion, having observed several photographs of PATRICIA HEARST on television and in the newspapers, that the individual who dropped the item on the way into the bank and the individual who shot after leaving the bank was in fact PATRICIA HEARST.

She advised she does not recall anyone sitting in any of the vehicles parked out in front of the bank nor did she observe a red Hornet automobile or a 1973 green Ford.

She said she was in bed when, at about 9:45 a.m. on April 15, 1974, she heard a loud crashing noise outside as if a blast had gone off. Having been so awakened, she next heard a gun shot followed by a scream. The gun shot was a sharp, singular report whereas the crash was accompanied by a secondary sound as if a falling of glass or continuing thud of two metallic objects. She went to the front window, and looking toward the intersection between her and the bank, she observed what looked like a woman lying face down in front of the bank. She did not recall seeing anyone else, that is, coming in or out of the bank or being at the intersection. She then left the window and did not return to look out until much thereafter, and observed nothing more that would be pertinent. She did not recall anyone suspected of showing any unusual interest in the bank or the intersection recently.

[REDACTED] San Francisco, California, was interviewed and provided the following information:

Sometime after 9:20 AM, April 15, 1974, and prior to 10:00 AM, April 15, 1974, she heard one loud noise, and then several lesser noises which sounded like gun shots. She did not immediately look out her apartment window, and when she did a few seconds later, she did not observe anyone fleeing from the vicinity of the Hibernia Bank, 22nd and Noriega Street, nor did she observe any automobiles speeding away.

[REDACTED] was shown a photograph of the automobiles suspected of being used as getaway vehicles in the above bank, but was unable to recall either. She did recall observing a red automobile parked somewhere in the vicinity of the service station just across from the above bank. She said that this was sometime during the above time period, but she could not further recall the automobile, its exact location, or any possible occupants.

[redacted] the Hibernia Bank, 450 Noriega Street, San Francisco, provided the following information:

[redacted] advised she was working in the backyard of her home when she heard a moaning sound and a shot from the general direction of the Hibernia bank. She then heard more shots and more moaning. Since she thought that someone had been hurt at the lumber yard located on the corner of Noriega and 22nd Avenue, she went to her house, picked up her glasses, and proceeded to the front window. She looked out of the window towards the lumber yard across the street but saw nothing.

She noticed a man running north on the far side of 22nd Avenue (later determined that this was an injured victim). She saw another man on the near side of 22nd Avenue also running north. After observing this, she proceeded out of her house to the front sidewalk and stopped the man whom she had seen running on the near side of 22nd Avenue. He advised her that there had been a holdup at the bank. He then went back to the bank.

[redacted] assumed that the action was over; however, she when she first exited her house, she observed a small green two-door compact car proceeding north on 22nd Avenue at high speed. She thought that this car was pursuing a getaway vehicle. She noticed that it turned west on Moraga Street.

[redacted] described the driver of the green car as a white male, well dressed, wearing a coat and shirt, and having a clean face. He did not have a hat nor did he wear glasses. There were no other occupants in the car.

[redacted] estimated that it was three to four minutes from the time she heard the first shots until the time she observed the small, green car.

[REDACTED] was interviewed at The Hibernia Bank, 22nd and Noriega Streets, shortly after the robbery which took place there April 15, 1974.

He indicated shortly after 9:30 a.m. he was at Greg's Bar on Noriega between 21st and 22nd watching the bar while its owner, GREG HIGUERA, went to the above bank to transact business. Two or three minutes after HIGUERA arrived back from the bank, he heard a shot and ran to the door to observe a man lying on the pavement in front of the bank. He ran towards the man intending to render assistance.

As he crossed the driveway leading to the drive-up window, [REDACTED] observed three or four female adults (race undetermined, one possibly light) all wearing dark clothing exit the bank followed almost immediately by a Negro male wearing a dark hat with a floppy wide brim. This individual pointed a carbine (which appeared to have a pistol grip and possibly a folding stock) in his direction. [REDACTED] flattened himself against the bank wall at approximately the second pillar from the west corner of the bank and heard a shot fired. As the Negro male turned to fire at him, [REDACTED] observed the three or four female adults round the corner turning north on 22nd.

[REDACTED] ran to the far corner of the bank and observed a light green late model Ford stationwagon with wood paneling pulling away from the curb on the east side of 22nd Street. The vehicle had been parked in the end of the bus zone just before the exit driveway from the bank's parking lot. He was unable to observe the license plate of the Ford stationwagon due to the fact that another car was parked immediately behind it. As the Ford stationwagon drove down the block, [REDACTED] attempted to identify the license plate but was unable to do so. He observed another vehicle following this car at the distance of approximately one-half block. He observed the Ford turn east on Moraga followed by the second car.

On April 15, 1974, at approximately 9:50 a.m., he parked at the corner of 31st and Lawton, heading west on Lawton. Within five or ten minutes after he had parked his vehicle, he noticed in his rearview mirror a red vehicle coming toward his location at a fast rate of speed. This vehicle then parked directly to his rear. (At this point, [redacted] had some fear of his well being due to the speed of the vehicle and the fact that it parked behind him.) Immediately after the red vehicle was parked, four occupants exited from the vehicle and began to walk around the corner toward the front of the school. After the four occupants were out of sight, he heard a car drive away but did not observe same. This alleged vehicle did not come back and cross Noriega and, therefore, [redacted] assumed the vehicle proceeded north on 31st. It is noted that [redacted] did not hear this vehicle start its engine but did hear the car leave the area.

He stated HARRIS resembled the photograph in that he wore glasses, had a mustache, but his hair was cut somewhat shorter.

[REDACTED] stated that he believed that this was PATTY HEARST, and he mentioned this to his wife upon his return to his home that day.

Exiting from the rear seat behind the driver, [REDACTED] described what he had thought initially was a white male with long blond hair wearing an Army fatigue jacket and blue jeans. Upon further query, [REDACTED] stated that this individual could possibly have been a woman, but that this individual looked more male than female. On April 22, 1974, [REDACTED] San Francisco, California, was interviewed at the above address concerning her knowledge of the bank robbery which occurred at the Hibernia Bank, 1450 Noriega Street, San Francisco, California, on April 15, 1974. [REDACTED] provided the following information:

[REDACTED] stated that she is employed as a [REDACTED] for the [REDACTED]. She explained that she usually leaves her home for work each day around 10:00 a.m. She stated, however, that on Monday, April 15, 1974, she left her house earlier than usual, around 9:30 a.m., and began walking up the west side of 30th Avenue towards Judah Street where she customarily boards her street car for work.

[REDACTED] stated that as she approached the intersection of 30th Avenue and Lawton Street, she noticed two negro males standing on the northeast corner of Lawton Street between two parked automobiles. One of the negro males was then talking, in a loud voice, to a white female who was standing across the street next to a red Hornet station wagon. [REDACTED] stated that the two negro males particularly caught her attention because she knew that she was one of the very few negroes in the area and she thought to herself, "why would two good-looking colored men with a nice looking car be out in that neighborhood?" She stated that she initially thought that they were having car trouble and was going to suggest the name of a service garage to them, however, she decided against doing so and continued walking towards Judah Street.

[REDACTED] stated further that as she crossed Lawton Street, still on 30th Avenue, she overheard just a portion of the conversation between the negro male and the white female. [REDACTED] was of the opinion that they were discussing another automobile. She thought that she overheard

The white female ask, "...shall we wait here for the car or what should we do now?", or similar words to that effect. [REDACTED] however, did not hear the reply as she had continued walking toward Judah Street and was then out of hearing range.

[REDACTED] was then shown colored Poloroid photographs of the red Hornet station wagon and the green, wood panelled Ford LTD station wagon, which had been recovered by the San Francisco Police Department at the intersection of 30th Avenue and Lawton Street on April 15, 1974. Upon seeing the photograph of the red Hornet station wagon, [REDACTED] immediately identified that automobile as being the vehicle which was parked on the southeast corner of Lawton Street, facing east. She stated that at the time she saw this vehicle she noticed an individual, whom she believed to have been a female, sitting in the front seat, on the passenger side, of this vehicle. She also stated that another female was standing along the driver's side of the vehicle and was shouting across the street to the negro male. She said that she never did see the green-colored Ford LTD station wagon.

[REDACTED] stated that to the best of her recollection, the white female who was doing the talking was in her early twenties, approximately 5'5" in height, slender build, brown hair, covered by a multi-colored scarf, and wearing a short heavy coat dark in color, and dark trousers.

[REDACTED] stated that she could not provide any identifying data concerning the passenger in the red Hornet station wagon other than the fact that she believed this person to be a female due to this individual's longish hair.

[REDACTED] additionally stated that it seemed to her that there might have been another person in the red Hornet station wagon, however, she was uncertain.

Concerning the two negro males [REDACTED] provided the following identifying data:

3
SF 7-855
ATH/crv

Negro Male #1

[REDACTED] described this individual as being a brown-skinned negro in his mid-twenties, approximately 5'11" tall, weighing about 185 pounds, wearing dark sunglasses, standing with his hands in his pockets. She stated that he was bareheaded and had his hair shaped in a "built-up, natural Afro." She also said that he was wearing a brownish suede or leather coat and brown slacks, very neat in appearance.

Negro Male #2

[REDACTED] described this individual as being shorter than Negro Male #1, approximately 5'9-10" in height, and of a stocky/heavy set build. She estimated him to be in his late twenties or early thirties. She stated that this individual was also bareheaded and wore his hair in a short, natural Afro. She said that this individual wore no glasses, however, he did have a mustache/beard combination which was neatly trimmed. She described this individual as wearing a long brown leather overcoat and a dark shirt; she was uncertain as to the color of his slacks. She also identified this individual as being the one who was shouting across the street to the white female.

[REDACTED] provided the following information concerning the two automobiles between which the two negro males were standing. She stated that Vehicle #1 was parked on the northeast side of the Lawton Street/30th Avenue intersection, facing in a westerly direction, and that Vehicle #2 was parked directly behind this car, also facing west. She was also of the opinion that Negro Male #2 had just come from Vehicle #2 in order to talk to the other negro male.

Vehicle #1

[REDACTED] described this vehicle as being a late model, possibly 1973, Chevrolet or Ford product. She stated that she was certain that this vehicle was a "goldish-brown" in color with a similarly colored vinyl roof. She added that she particularly noticed the color of this vehicle because her neighbor, [REDACTED]

4
SF 7-855
ATH/crv

used to have a late model Buick of the exact same color, even including the same colored vinyl top, which he recently sold. [REDACTED] was unable to provide any further descriptive data concerning this vehicle, however, she did state that she was certain that there was no one sitting in this vehicle at that time.

Vehicle #2

[REDACTED] described this vehicle as being a smaller car than Vehicle #1, and as she reflected further, she seemed to think that this vehicle could have been a Ford Mustang. Although uncertain of the color, she seemed to believe that this vehicle was likewise brown in color, however, definitely not as new as Vehicle #1. She added that she saw no individual sitting in this automobile at that time.

[REDACTED] was then provided with colored Poloroid photographs of a 1974 Ford Maverick, light green in color, and a 1973 Ford LTD, dark green in color, and she stated that she was certain that she never saw those vehicles that day.

At this time, [REDACTED] was shown individual bank surveillance photographs, believed to depict the following individuals:

DONALD DAVID DE FREEZE
PATRICIA MICHELLE SOLTYSIK
NANCY LING PERRY
CAMILLA CHRISTINE HALL
PATRICIA CAMPBELL HEARST

Upon viewing the above photographs, [REDACTED] emphatically stated that the photograph believed to be of PATRICIA HEARST was identical to the white female who was shouting across the street to Negro Male #2. She then identified the bank surveillance photograph, believed to be of DONALD DE FREEZE, as being identical to Negro Male #2, who was engaged in the aforementioned conversation.

5
SF 7-855
ATH/crv

[REDACTED] as then shown a packet of photographs consisting of the following individuals:

DONALD DAVID DE FREEZE
EMILY MONTAGUE HARRIS
THERO WHEELER
PATRICIA CAMPBELL HEARST
WILLIAM TAYLOR HARRIS
NANCY LING PERRY
PATRICIA MICHELLE SOLTYSIK
ANGELA ATWOOD
WILLIAM LAWTON WOLFE
CAMILLA C. HALL

Upon viewing these photographs, she thought that DONALD DE FREEZE strongly resembled Negro Male #2, whom she had already described. She was quite certain, however, that the other negro male was not identical to THERO WHEELER. In addition, from the above photographs, [REDACTED] did not identify the white female whom she had previously described.

In concluding, [REDACTED] is confident that she could identify the two negro males if she ever saw them again, however, she was not certain if she could positively identify the white female if ever given the opportunity of seeing her again.

As the interviewing Agent was preparing to depart, [REDACTED] reluctantly related that her friend, whose name she declined to state, and who resides at [REDACTED] was distraught over the individuals who lived in the house directly next door to her's, on the right side. On April 22, 1974, [REDACTED] San Francisco, California, was interviewed at the above address concerning her knowledge of the bank robbery which occurred at the Hibernia Bank, 1450 Noriega Street, San Francisco, California, on April 15, 1974.

[REDACTED] stated that she could provide no pertinent information concerning the actual bank robbery, however, she was certain that she saw a green, wood-panelled Ford LTD station wagon slowly cruising around the intersection of 30th Avenue and Lawton Street, around noon-time, on April 13, 1974. She stated that she particularly noticed this vehicle because her neighbor, [REDACTED] has a vehicle exactly like that one and she thought it odd that [REDACTED] would be driving so slowly around the neighborhood, as if looking for a parking place.

[REDACTED] was shown colored Poloroid photographs of the red Hornet station wagon and the green, wood-panelled Ford LTD station wagon, which had been recovered by the San Francisco Police Department on April 15, 1974 at the Lawton Street/30th Avenue intersection. Upon viewing these photographs, she stated emphatically that the Ford station wagon was identical to the vehicle which she saw, around noon, on April 13, 1974, slowly driving in her neighborhood.

[REDACTED] stated that she could provide no identifying information concerning the driver of this vehicle, nor did she know how many persons were in this vehicle at that time.

[REDACTED] stated that on April 11, 1974 between 1 and 1:30 p.m., she heard a vehicle stop in front of the house and sounds that indicated to her that someone had gotten out of a car. She opened her front door and observed, parked at the curb and partially obstructing the driveway of the house, a reddish-brown late model car. She stated that it was shiny and new appearing but was definitely not a station wagon. Since she did not observe the occupant of the car she presumed that someone might be on their way up the stairs to contact her son and daughter-in-law who were not home. She came out of her apartment and observed a Negro male standing very close to the garage door of the house. She approached him and asked if she could help him at which time he inquired if there were any black people residing in that house to which she replied there were not. He then asked if there were any black people residing in the neighborhood and she again replied there were not. He thanked her, returned to the car, and departed.

[REDACTED] observed a photograph of the 1974 red American Motors Hornet used as a get-away car in the bank robbery. She stated that the car she had seen on April 11, 1974 was definitely not the one in the picture and reiterated that it was not a station wagon.

With reference to the Negro male she had spoken to, she described him as follows:

Height:	5'10"
Build:	Slim
Race:	Negro
Sex:	Male
Complexion:	Dark
Age:	Late 20s

Investigation Re
Identification Used
To Rent Vehicles

A thorough investigation has been conducted with reference to the identification of ~~JANET MARGARET COOPER~~ utilized in connection with renting the four above described vehicles. The real ~~JANET COOPER~~, who is uncooperative, reported this identification stolen during October, 1973, and a check of the businesses whose credit cards were also displayed in connection with the rental was negative with reference to the Arco credit card, Number 83-49-658-651. There have been no charges to this card and a stop has been placed against it. *cal*

Details of investigation concerning the Macy's credit card will be set out subsequently.

Concerning the J. C. Penney's credit card, Number 764-238-029-4-1, there have been charges to this account since it was lost and since it is not known whether these charges were legitimate or not legitimate, it has been necessary to proceed through a Grand Jury subpoena to obtain this information as the J. C. Penney Company feels the necessity to protect itself from any possible lawsuit should the charges be legitimate.

With the recovery of each vehicle, the vehicles were thoroughly searched for items of an evidentiary nature, they were photographed, given a fingerprint examination, and a thorough neighborhood investigation conducted in the vicinity of each recovery site. Rental applications were obtained and have been forwarded for fingerprint examination and as noted photographs of subjects have been shown to persons involved who could possibly make an identification.

The person using the name ~~JANET MARGARET COOPER~~ in renting automobiles gave an address of 276 - 21st Avenue, San Francisco, California. This is the address of ~~FRED COOPER~~, who on interview advises that ~~JANET MARGARET COOPER~~ is unknown to him and the only explanation is that his name and address and telephone number was taken out of the San Francisco telephone directory. A stop was placed with ~~COOPER~~ to keep the FBI advised on a continuing basis of telephone inquiries that he receives concerning overdue rental cars. *Cal*

The Hibernia Bank, Sunset Office, 22nd and Noriega Street, San Francisco, is modeled so that it has two metal framed doors serving as the front entrance to the office. An examination of the west door disclosed that it was 33 - 1/2 inches wide by 83 - 1/2 inches high. The glass section of this door measured 28 - 3/4 inches wide by 76 - 3/4 inches high. The door has a plate type handle on the outside so that the door can be opened and a push bar on the inside. Both are metal.

Examination of the door disclosed the brand name to be "KAWNEER" and further that there were two holes in the door produced by the passage of two high velocity projectiles travelling from inside the bank toward the outside of the bank. One of these hit the outside plate at approximately a 60 degree angle. The hole through which the projectile that hit the plate travelled was 35 - 5/8 inches up from the glass base of the door and about 3 - 1/2 inches in from the center of the door. The second hole was approximately 12 inches in from the center and about 32 inches up from the base where the glass mounted. Each hole was approximately one inch in diameter.

After examination and measurements were taken the door was returned to the bank.

Summary of Preliminary
FBI Laboratory Examination

The FBI Laboratory in a communication dated April 18, 1974, advised as follows:

The four fired cartridge cases from inside the bank (Items 5, 7-9 of police [redacted] list) are .30 carbine caliber cartridge cases which were identified as having been fired in one weapon.

Unfired cartridge recovered near the front door (Item 11 on [redacted] list) is a .30 carbine caliber cartridge which was identified as having been loaded into and extracted from the weapon which fired Items 5 and 7 through 9 above. This is not the same weapon which fired the four cartridge cases found on the ground in front of 2603 Benvenue, Apartment 4, from where PATRICIA CAMPBELL HEARST was abducted on February 4, 1974 (specimens Q15 through Q18, FBI Laboratory Report, February 28, 1974).

Two cartridge cases found outside the bank are .30 carbine caliber cartridge cases which were identified as having been fired in the weapon which fired the Q15 through Q18 cartridge cases recovered at the abduction scene. Due to the lack of sufficient corresponding microscopic markings, the .30 carbine caliber unfired cartridge from near the front door of the bank (Item 10 on [redacted] list) could not be associated with the other cartridges and cartridge cases from the abduction and robbery scenes.

Copper jacket removed from EUGENE BRENNAN was identified as having been fired from the same weapon as a bullet fragment imbedded in wood from window of 2607 Benvenue Street, Berkeley, California, this being in the area of the abduction scene.

Bullet from the window frame at 1390 Noriega Street is a .30 caliber copper jacketed bullet like that loaded into .30 carbine caliber cartridges. This bullet and the .30 caliber copper jacket fragment from the front door of the bank (Item 12 on [redacted] list) fired from a barrel (s) rifled with four lands and grooves, right twist, like that found on .30 carbine caliber U.S. Carbines.

Although the rifling impressions in these items are like those present in the fired bullets and bullet fragments recovered at the abduction scene, no identifications were effected.

The copper jacket fragment recovered from the rug (Item 4 on [REDACTED]'s list) is minute and of no value for comparison/identification purposes.

Lead fragments removed from [REDACTED] and found near the front door of the bank appeared to be cores of copper-jacketed bullets and are of no value for comparison/identification purposes.

No traces of potassium cyanide were found in the submitted bullets and bullet fragments.

Paraffin wax was found in the nose of the cartridge from the rear seat (Item 2 on [REDACTED]'s list). No cyanide was identified beneath the wax.

The Identification Division, FBI, in a communication dated April 19, 1974, advised that no latent prints of value were developed on two cartridge cases recovered in front of The Hibernia Bank. These cartridge cases were given the designation Q213 and Q214.

The Identification Division, Latent Fingerprint Section, in a communication dated April 20, 1974, advised that four latent fingerprints of value, which are impressions of sides and tips of fingerprints, were developed on the Pacific Car Rental form signed WALTER COOPER and designated Q207. No latent prints of value were developed on cartridges, cartridge cases or on copies of the Pacific Car Rental form mentioned above and designated Q207.

These items were recovered in connection with the crime scene search at The Hibernia Bank, Sunset Office, San Francisco, or in the suspected getaway car. In connection with the Pacific Car Rental agreements, copy was taken from the getaway car, the original obtained from the Pacific Car Rental agency.

Latent prints mentioned in the above paragraph were compared with available fingerprints of individuals previously identified as possibly being associated with this case but no identification was effected. These latent prints also compared with other previously unidentified latents submitted in connection with the HEARST kidnaping and the Symbionese Liberation Army with negative results.

(The review of the surveillance camera photographs, available results of ballistics examinations and interview with witnesses outside the bank would indicate that NANCY LING PERRY fired the shots inside the bank and DONALD DAVID DE FREEZE did the firing outside the bank. In connection with the information indicating that ejector and projectile markings are in variance between weapons at the robbery of The Hibernia Bank and at the PATRICIA HEARST kidnaping scene, Berkeley, California, February 4, 1974, could be explained by the fact that the .30 caliber carbines, parts of which are interchangeable, could have been field stripped and the bolts interchanged.)

(Concerning [REDACTED] outside witness, having been struck in the leg by a piece of lead, it would appear that possibly this lead came from a ricochet of the unrecovered round fired outside the bank by DE FREEZE.)

The Hibernia Bank, Sunset Office, 22nd Avenue and Noriega Street, San Francisco, California, was observed to be equipped with two 35 mm surveillance cameras located above the only door to the Sunset Office.

[REDACTED], Hermann Safe Company, 1699 Market Street, San Francisco, California, advises that the camera of the Hibernia Bank, Sunset Office, was so set that, when activated, it would expose four frames per second.

The camera was activated by the bank manager, ~~MISS SMITH~~, who was in a loft location, after he heard confusion in the bank lobby, and observed the robbery in progress. Approximately 400 frames of film are believed to have been exposed during the actual robbery, and at four frames per second, this would indicate that the robbers were in the bank for approximately two minutes, noting that the camera was not activated immediately upon their arrival in the bank.

A review of surveillance camera film discloses that the white female robber (identified as PATRICIA SOLTYSIK), at the time she is first observed in the film on frame A-10, is at a location at the west end of the officer's platform. She is armed with a revolver, which she carries in her right hand. She is wearing a gray colored knit hat, which covers all her hair, a scarf around her neck, wearing a shiny dark colored coat and lighter colored slacks. She is wearing ankle high shoes with dark socks. In frame A-47 she is observed vaulting the tellers counter at the second window at the west end of the tellers line. In subsequent frames she is observed in the area of the tellers drawers and cash cans at the three tellers' windows at the west end of the bank. She ultimately comes back over the tellers counter at the same window as she starts to depart the bank.

A white female (identified as CAMILLA HALL) is first observed on the surveillance camera film on frame A-53,

when she appears at the east end at the line of tellers windows from a location in the southeast corner of the bank lobby, which is out of the camera's range. She is armed with a shoulder weapon, which she holds at waist level, and throughout the robbery, is depicted as generally covering the employee's area, as she faces in a northerly direction. She is the first person to depart from her position in connection with the robbers exiting the bank. She is possibly wearing a wig, has on a three-quarter length dark furry type coat, dark slacks, light colored socks, and two-toned suede and leather shoes. She is also wearing gloves, and as she departs the bank, she has her right hand in her outer coat pocket, which pocket has a cut of some type, which enables her to hold and conceal the weapon under her coat.

The white female (identified as PATRICIA HEARST) first appears on the surveillance film on frame A-54, simultaneously with the second white female (CAMILLA HALL). She takes up a position in the middle of the bank lobby facing in a southerly direction, so as to cover customers lying on the floor and on the officer's platform. Throughout the robbery she remains in this general area. She, like other members in the group, has her right hand inside her coat right pocket, apparently where there is a hole in her outer clothing, which enables her to control the shoulder weapon which she is carrying. At one point she is observed to be able to control the weapon with one hand, and she is also observed to be able to control the weapon under her outer garment when entering or exiting the bank. During the robbery she moves her weapon from time to time as the situation changes, and when a young white male enters the bank during the robbery, she points her weapon in his direction as he is controlled and placed on the floor. On frames A-248 through A-257, she is observed to turn her weapon on two elderly white males as they enter the bank. The weapon is then returned in the direction away from them, but at the time they are shot, her weapon is returned in their general direction. At the moment of the shooting her mouth is open and her facial expression is subject to the interpretation of the viewer of the photograph. She can be seen on frame A-392 with her finger appearing to be in the trigger guard. She is also depicted in the film as either directing, signaling with her left hand, or checking her watch.

She has shoulder length hair, which may be a wig, knee length coat with lighter colored buttons, dark pants, and waffle stomper type shoes. She has a sling on her rifle.

A white female (identified as NANCY LING PERRY) is first observed in frame A-30. She is armed with a .30 caliber carbine with a pistol grip and banana clips. Both she and DONALD DAVID DE FREEZE have clips taped together so when the first clip is expended, they can be reversed and quickly inserted. She is observed with her hand on the trigger guard. She is located near the entrance of the bank, and from time to time backs into the area which is partitioned off from the lobby to isolate the manager's desk at the west end of the Sunset Office. She faces generally in an easterly direction, and is at a location about halfway between the door of the Sunset Office and the location in the lobby where the Negro male in the bank robbery (DONALD DAVID DE FREEZE) is located. PERRY has short hair, is wearing a dark colored woolen coat similar to the one worn by the third white female (PATRICIA HEARST). She has a flowered pattern on her blouse worn under her coat. Surveillance camera film depicts her in a position, along with the Negro male (DONALD DAVID DE FREEZE), to have been able to shoot the two elderly white males during the bank robbery. The film, in the area of frame A-257 on the west camera, appears to depict PERRY firing her gun and casing being ejected.

The Negro male (identified as DONALD DAVID DE FREEZE) is first observed on frame A-14, and is pushing a white female, the vault teller, toward the area of the officer's platform. He is then observed to relieve the bank's armed guard of his revolver. This is done with his left hand, and the weapon is apparently placed in his left pocket. Throughout the robbery, the Negro male remains in the area of the quick service deposit drop located near the west end of the line of tellers windows. From time to time he would change his location by moving a few steps to a point at the west end of the line of tellers windows. In frames A-169 through A-174, he appears to be saying something, and possibly checks his watch. Frames A-174 through A-188 shows him reach over the tellers counter at the west end of the tellers line. Frames A-248 through A-251 shows two elderly white males enter the bank, and frames just after A-255 show him pointing his weapon in the direction of the two elderly white males who were shot. The Negro male is observed to be carrying a

.30 caliber carbine with a banana clip and shoulder strap. His right hand is placed through his right coat pocket to control the pistol grip on the rifle. He is wearing a light colored wide floppy brimmed hat, three-quarter length coat with a belt, dark pants, and either moccasin or some type of suede shoes. He is wearing prescription glasses, and appears to need a shave. Review of surveillance film discloses that during the robbery, participants would move their weapons so that other participants, from time to time, would be in the direct line of fire, should the weapons have been discharged.

The first robber to leave the bank is the white female identified as CAMILLA HALL. The second person to leave the bank is PATRICIA SOLTYSIK, carrying the robbery proceeds in a nylon or cloth sack, with what appears to be a plastic material at the top, with a draw string. This sack is of the type used for camping or similar outdoor activity. The third female to depart is the person identified as NANCY LING PERRY.

The female suspect identified as PATRICIA HEARST, holds her position as other females are departing, covering the lobby and officer's platform, making checks as to the progress of the departers. She then sidesteps to the door, still covering the bank lobby.

The Negro male suspect, identified as DONALD DAVID DE FREEZE, covering the bank lobby with a .30 caliber carbine, then departs from the bank.

The following investigation was conducted by

SA [REDACTED]

On April 16, 1974, SA [REDACTED] as in contact with two persons who are well acquainted with DONALD DAVID DE FREEZE and both of these persons identified the Negro male depicted in the surveillance camera photographs made in connection with the robbery at the Sunset Office, The Hibernia Bank, San Francisco, April 15, 1974, as being DONALD DAVID DE FREEZE. The individual in this photograph is wearing a wide floppy brimmed hat, a leather jacket, dark pants, light colored shoes, and carries a .30 caliber carbine.

It will be noted that during interviews of bank employees previously reported in this communication, tellers [REDACTED] identified photographs of CAMILLA HALL as being one of the bank robbers. Witness [REDACTED] states that the photograph of DONALD DAVID DE FREEZE bore a strong resemblance to the Negro male involved in the robbery of The Hibernia Bank, Sunset Office, San Francisco, California, April 15, 1974.

To those who would bear the hopes and future of our people let the voice of their guns express the words of freedom. Greetings to the people and all sisters and brothers behind the walls and in the streets. Greetings to the Black Liberation Army, the Weather Underground, and the Black Guerrilla family, and all combat forces of the community. This is General Field Marshal CIN speaking. Combat operation, April 15, 1974, the year of the children. Action. Appropriation. Supplies liberated. One .38 Smith & Wesson revolver. Condition good. Five rounds of 158 grain .38 caliber ammo. Cash. \$10,660.02. Number of rounds fired by combat forces. Seven rounds. Number of rounds lost. Five. Casualties, peoples forces. None. Enemy forces. None. Civilian. Two. Reasons. Subject One, male. Subject was ordered to lay on the floor fact down. Subject refused order and jumped out the front door of the bank, therefore, the Subject was shot. Subject Two, male. Subject failed or did not hear warning to clear the street. Subject was running down street towards the bank and combat forces accordingly assumed Subject was armed enemy force element, therefore, the Subject was shot. We again warn the public any civilian attempting to aid, to inform, or assist the enemy of the people in any manner will be shot without hesitation. There is no middle

ground in war. Either you are the people or the enemy. You must make the choice. As a black man and a father, and as a representative of black people, I would like to say that I, as well as many other black people, have been watching the actions taken against black people over in the City of San Francisco and also in Berkeley and Oakland by the racist agents of the ruling class. Like most of my people I never trust anything the enemy says or does. I must at all times be suspicious or discount any acts on his part of not being what they first seem to be. Following this principle, I must look at the so-called Zebra Operation with more tension, since it is an action against the freedom of the people. For the love that I hold for the people drives myself and all the SLA to understand that we must fight and defend the people. I at first had thought that Operation Zebra was really nothing more than a normal contra-insurgency operation to attempt to entrap SLA forces or more precisely, to assassinate myself. I say assassinate because the enemy knows by now who I am and the danger that I represent as long as I am alive. He understands that if he can terrorize and disarm the black community from action or joining me, then he would be able to isolate me specifically and to kill me, thereby not allowing me the time to educate men and women from the community to become leaders of

our people. He also understands that I am the bringing of the children of the oppressed and the children of the oppressor together. He understands that I am bringing the truth to the children and opening their eyes to the real enemy of humanity, by simply allowing them to see that if the enemy as he truly is, and allowing them to find out really who the people are. And if the people love them, will welcome them with open arms if they will just come. In short, he knows that the SLA is building an army of the people that is the army which by its very composition can fully destroy the enemy and free the people. At this point I am more inclined to feel, however, that Operation Zebra is a lot more than just entrapping the SLA. In fact, I feel that the enemy knows that he or she can never totally entrap all the SLA forces regardless of the size of the city in which contra-insurgency operations may take place. Reports that units, bases, of SLA are under surveillance by the FBI are designed to demoralize the people, and attempt to make them believe in the prestige of the enemy. In any event, understanding these points we come back again to the same question. What is Operation Zebra? If Operation Zebra is not merely a contra-insurgency operation, then what is it? And if we look closely we

begin to see the truth that Operation Zebra is a planned enemy offensive against the people to create a race war which could possibly be the only way the enemy can stop the SLA from bringing all the oppressed people together against the common enemy. Operation Zebra is even more than that. The so-called Zebra killer will never be found because it is the only justification, notwithstanding marital law being declared, whereby the enemy can stop and arrest any black male. In fact, we can expect in the next few months under the guise of searching for the so-called Zebra killer block by block and house by house searches and, of course, all weapons found in the peoples homes will be confiscated under the guise of stolen property or that they have to be verified as not being the murder weapon. In short, the people will be disarmed. Operation Zebra serves yet even another purpose to the enemy. It is a means to remove as many black males from the community as possible, at the same time forcing all the black males to submit to FBI classification identification which is being applied in the form of so-called "police passes", by using these persons drivers licenses and Social Security card numbers which are, I may mention, "peek-holes for the FBI's computer systems." My people

I warn you again, the only way I repeat the only way you will regain your life and freedom is to fight. The only way you will keep your guns is to use them. Your time is running short. Open your eyes. Death to the fascist insect that preys upon the life of the people. Greetings to the people. This is TIKO speaking. As it has been stated many times by the black community, the Zebra Operation is a planned enemy offensive against the people to create a race war. Race war is a fascist tactic to divide the people. The pigs know that there is no way to control or eliminate the peoples army. A peoples army in the United States of America means a guerrilla force of black, brown, red, yellow, and white people, united by the fighting spirit and their common determination to kill the pig. The Symbionese Liberation Army is a peoples army and the only way the fascists can slow us down is to try to scare the people into fighting among themselves. The pigs and the fascist media have by their slick trickery attempted to link the SLA with the so-called Zebra killings. They have even gone so far as to release a composite drawing and description of the killer which has a resemblance to General Field Marshal CINQUE and TUMAY (phonetic). Next lie that

we expect to hear is that CINQUE is the Zebra killer and this will be to give even greater pig justification to continue the harrassment and disarming of the people. The pigs hopes to manipulate the fear and racism of the broad mass of unconscious whites in order to eliminate black revolutionaries, and by black revolutionaries we mean black people in general. Pigs like ALIOTO wish to maneuver these white people into allowing the fascist army to sweep the ghettos and machine gun or imprison the people, but anyone who by their racism and government manipulated fear supports a genocide makes the grave error of forging his or her own slave chains, and if white people in fascist America don't think they are enslaved, they only prove their own foolishness. The enemy has kept us divided for hundreds of years and for at least that long the pig has made uncountable attempts at eliminating the rise and tide of black revolution. But black people by their strength and determination have survived this fascist onslaught. Black people more revolutionary than ever before are armed and angry and now the SLA is proving that black people ain't alone, that the things the pigs have feared the most is happening is growing. A peoples army of irate niggers of all races including whites, not talkers, but fighters. The enemy recognizes that the people are on the brink of revolution

and the enemy will do anything at any cost to prevent this. We ask the people, especially whites, to carefully analyze Operation Zebra. The black and white horse of the times, and to understand who in reality sits in the saddle and holds the reins. Death to the fascist insect that preys upon the life of the people.

Greetings to the people. This is TANIA. On April 15th my comrades and I expropriated \$10,660.02 from the Sunset Branch of the Hibernia Bank. Casualties could have been avoided had the persons involved cooperated with the peoples forces and kept out of the way until after our departure. I was positioned so that I could hold customers and bank personnel who were on the floor. My gun was loaded and at no time did any of my comrades intentionally point their guns at me. Careful examination of the photographs which were published clearly shows this is true. Our action of April 15th forced the corporate state to help finance the revolution. In the case of expropriation the difference between a criminal act and a revolutionary act is shown by what the money is used for. As with the money involved in my parents bad faith gesture to aid the people, these funds are being used to aid the people and to insure the survival of the peoples forces in their struggle with and for the

people. To the clowns who want a personal interview with me, VINCENT HALLINAN, STEVEN WEED, and the pig HEARSTS, I prefer giving it to the people in the bank. It's absurd to think that I could surface to say what I am saying now and be allowed to freely return to my comrades. The enemy still wants me dead. I am obviously alive and well. As far as being brainwashed, the idea is ridiculous to the point to being beyond belief. It's interesting the way early reports characterized me as a beautiful, intelligent liberal, while in more recent reports I am a comely girl who has been brainwashed. The contradictions are obvious. Consciousness is terrifying to the ruling class and they will do anything to discredit people who have realized that the only alternative to freedom is death, and that the only way we can free ourselves of this fascist dictatorship is by fighting, not with words but with guns. As for my exfiancee, I'm amazed that he thinks that the first thing that I would want to do once freed would be to rush and see him. The fact is I don't care if I ever see him again. During the last few months STEVEN has shown himself to be a sexist, agist pig, not that this was a sudden change from the way he always was. It merely became blatant during the period when I was still a hostage. Frankly, STEVEN is the one

who sounds brainwashed. I can't believe that those weary words he uttered were from his heart. They're a mixture of FBI rhetoric and RANDY's simplicity. I have no proof that Mr. DUBRAY's letter is authentic. The date and location he gives is confusing in terms of when the letter was published in the papers. How could it have been written in Paris and published in your newspapers on the same day, ADOLPH. In any case, I hope that the last action has put his mind at ease. If it didn't further actions will. For those people who still believe I am brainwashed or dead, I see no reason to further defend my position. I'm a soldier in the peoples army. Patria omerta (phonetic) Venceremos.

Death to the fascist insect that preys upon the life of the people.

The sound of music is then heard.

SUBJECT

**SHANA ALEXANDER
PROPOSED BOOK ON KIDNAPING
OF THE HEARST CASE**

[REDACTED] Hearst Washington representative called my office this morning to advise that a Hearst representative in New York has heard rumors to the effect that **Shana Alexander** of the "Washington Post" who has been commissioned by the "Viking Press" to do a book on the Hearst case, has a contact in the Symbionese Liberation Army in the person of Nancy Ling Perry. **[REDACTED]** people feel the possibility exists that **[REDACTED]** could possibly be in contact with Perry at the present time, however, have no information to substantiate this. It is noted **[REDACTED]** Maxine Cheshire column in the "Washington Post" edition of 4/21/74 (copy attached) reported that **[REDACTED]** had a contract to write such a book.

Bufiles contain no record of **Shana Alexander**.

RECOMMENDATION:

That this memorandum be referred to the General Investigative Division for whatever action deemed appropriate.

REGARDING ~~REGARDING~~ CYNTHIA GARVEY, WHILE GARVEY IS UNDER SUBPOENA OF THE GRAND JURY, OUR INVESTIGATION IS REASONABLY CONCLUSIVE THAT SHE POSSESS NO CONCRETE INFORMATION AND IS ONLY A PERIPHERAL FIGURE. THIS WAS RECENTLY CORROBORATED BY A LIVE INFORMANT. TO MAKE ANY MONETARY OFFER TO GARVEY WOULD MAKE THE FBI LOOK RIDICULOUS, SINCE HER LACK OF DIRECT SLA ASSOCIATION IS WELL KNOWN AMONG THE REVOLUTIONARIES AND THIS FACT WOULD BE PUBLICIZED IN THE MEDIA HIGHLIGHTING THE INEPTNESS OF FBI INVESTIGATION.

REGARDING [REDACTED] THIS INDIVIDUAL, WHILE HAVING SOME KNOWLEDGE OF THE HARRISES ACTIVITIES, IS NOT LIKELY, ACCORDING TO SOURCES CONTACTED THUS FAR TO POSSESS CURRENT HARD FACTS CONCERNING CINQUE AND HIS OPERATION. WE ARE PRESENTLY CONSIDERING ATTEMPTING TO DIRECT HER ACTIVITIES AGAINST [REDACTED] [REDACTED] WHO IN TURN WAS CLOSELY ASSOCIATED WITH THE HARRISES BUT IT IS DOUBTFUL THAT HE HAS THE HARD INFORMATION WE DESIRE.

WE WILL CONTINUE TO GIVE EVERY CONSIDERATION TO THIS INVESTIGATIVE CONCEPT IN AN EFFORT TO ISOLATE AND DOUBLE ALL POTENTIAL TARGETS. IN THIS VEIN, WE ARE CONSIDERING VARIOUS

ANNOUNCEMENT WOULD REACH NOT ONLY THOSE INDIVIDUALS KNOWN TO
US BUT POSSIBLY OTHERS WHOSE IDENTITIES HAVE NOT YET BEEN
DETERMINED. IN ADDITION, SUCH AN ANNOUNCEMENT COULD NOT HELP
BUT CAUSE APPREHENSION AND POSSIBLY DISSENSION AMONG THE GROUP,
PARTICULARLY SINCE CINQUE IS A KNOWN "FINK" AND HIS HISTORY OF
DOUBLE-CROSSING CRIMINAL ASSOCIATES HAS BEEN WIDELY REPORTED
IN THE PRESS, INCLUDING "THE BLACK PANTHER" PUBLICATION.

COLSTON RICHARD WESTBROOK

A cassette from the Symbionese Liberation Army received by KSAN, San Francisco, on 4/3/74, carried a "death warrant" for the above three captioned individuals for their alleged cooperation with the FBI and other authorities.

Since that time ~~all three of~~ these individuals have gone into "seclusion". ROBYN SUE STEINER has for sometime been residing in Miami, Florida. On 3/7/74, an attempt was made to interview her in the presence of her attorney, ~~PHILIP CARLTON~~, but she refused to discuss her associates in California, the SLA, and stated she did not wish to furnish any information to the FBI. On 4/5/74, after STEINER had been advised of the SLA death threats, her attorney stated he had recommended that she go into "seclusion", and that he would contact the FBI, Miami, at such time that she wished to talk to the Bureau.

on 4/15/75, SLA member DONALD DE FREEZE, aka CINQUE, PATRICIA SOLTYSIK, aka MIZMOON, CAMILLA HALL, NANCY LING PERRY, and victim PATRICIA HEARST, were the principals in the robbery of the Hibernia Bank, Sunset Branch, which netted more than \$10,000.

Enclosed for Miami and Philadelphia are 5 bank surveillance photos of the principals. The male in the floppy hat is DE FREEZE. Female with black gloves and what is apparently an imitation fur coat is believed to be CAMILLA HALL. The female who appears to be running, carrying a sack and having a knit hat over her entire head is SOLTYSIK. The girl with the automatic weapon and short hair and printed blouse is believed to be NANCY LING, and the girl with the automatic weapon with long dark hair has been identified as PATRICIA HEARST.

Remarks:

Spectrographic (voiceprint) examination of the unknown voice recorded on the Q1485 tape revealed few similarities to voice samples of male Symbionese Liberation Army (SLA) members received previously in Hearnap.

4-10-74
The text of the Q1485 tape differs in several ways from the text of previous SLA tapes, indicating it probably has no direct connection to these previous tapes. Revolutionary rhetoric is limited, the caller uses no personal identification, both common in previous SLA tapes, and he refers to "Patricia" rather than "Tania." The length and harangue characteristics as well as the specific nature of the threats in the previous SLA tapes are missing.

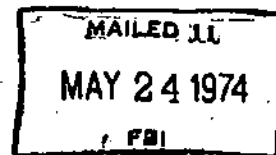

The speaker appears to have a slight accent, indicating probable long English usage, perhaps his entire life, but with some foreign language influence.

From the noises on the tape it appears likely the call was made from a busy area perhaps near a construction site or factory. The intermittent sound appears to be that of a horn, possibly that of a large vehicle in reverse gear. Consideration should however be given to the possibility the intermittent sound could be some other type of warning horn or could be factory associated periodic noise, such as would originate from a drop-forgo.

A copy of the Q1485 tape has been prepared and will be maintained in the Laboratory for future comparison purposes.

Results of Examination:

It was not possible to identify the voice of the unknown male on Q1485 with male voices submitted previously in the Hearnap case.

Considerable low level background noise was noted in those portions of the Q1485 tape containing the unknown male voice. The background noise included a intermittent source consisting of tones at approximately 300, 540, 780 and 1180 hertz, plus additional tones covering wide bands of frequencies. The tones have duration of approximately .35 seconds spaced at .5 second intervals. The specific source of these tones could not be identified.

The Q1485 tape is being returned to your office under separate cover via registered mail.

RECOMMENDED POSITION OF THE FBI RE REWARD
IN THE HEARST KIDNAPING MATTER

1. Under no circumstances should the FBI advise or agree with representatives of the Hearst Corporation and/or family that a "ransom" should be offered with or without publicity at this time.
2. The FBI should recommend strongly against such a position of offering a ransom bearing in mind a \$2,000,000 ransom has already been paid and there is another \$4,000,000 available until midnight May 3, 1974, under the conditions of which we are all aware.
3. The FBI should suggest and advise if so solicited by the Hearst Corporation and/or family that a "reward" might be in order at this time.
4. Such a "reward" would receive no publicity and would be offered to selected informants, sources and any other persons the San Francisco Office feels would be in a position to give such positive information relative to the location of, not only Patty Hearst, but all of the subjects involved in the kidnaping and bank robbery or any part thereof. The total number involved here would be no more than four or five persons. [REDACTED]
5. After midnight, May 3, 1974, the expiration time for the \$4,000,000 ransom, such an offer of a "reward" should be made public through the news media.
6. It should be stated in connection with such publicity that the information furnished will be confidential and should be furnished to the FBI.
7. The Hearst Corporation and/or family in considering such a "reward" would have to make a determination as to (1) the amount of money involved and (2) the conditions for the payment, that is whether the payment will be for (a) the locations of the subjects; (b) the apprehension of the subjects; or (c) the conviction of the subjects -- or a combination of all three. Rewards offered in the past have had variations of these three points.
8. There should be a clear understanding with the Hearst Corporation and/or family that the distribution of the funds for the "reward" will be made by them or persons designated by them based on information

CONTINUED - OVER

that we would supply as to the participation or information obtained from an informant that actually broke the case. It must be crystal clear that the FBI will not under any circumstances enter into any negotiations relative to the distribution of the "reward" funds but only furnish the necessary information to the appropriate persons.

Specimens received

4-29-74, from SAC, San Francisco:

- Q986 Scotch C-120 cassette tape bearing writing "April 74 SLA"
- Q987 Two pieces of torn poster bearing printed message beginning "CHANGE IS A LAW OF NATURE ..."
- Q988 Piece of gold foil wrapping paper
- Q989 Piece of envelope bearing hand printing "/APAC"
- Q990 Brown paper tube bearing hand printed address "To: Western Addition Project Area Commit, 1358 Divisadero Attn: Townsend, San Francisco, California"
- Q991 Two pieces of torn paper bearing typewriting beginning "WAPAC BROTHERS AND SISTERS: PLEASE HAND DELIVER ..."
- Q992 Portion of California Driver License #E380203 in the name "Patricia Campbell..."

Specimen received 4-29-74, from SAC, San Francisco:

- Q993 Pieces of gold foil wrapping paper

Result of examination:

A definite conclusion was not reached whether the questioned writing on the submitted items was prepared by the writers of the unidentified questioned writing, the known writing or the purported known writing on items previously submitted in this case, case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" or in the case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM", due to the presence of unexplained variations.

the lack of sufficiently comparable writing and the limited amount of writing on some items. However, similarities were observed in comparing the written notation "April 74" on the Q986 cassette tape with the purported writing of DONALD DAVID DE FREEZE appearing on items K12, K21, K24 and K29, which indicates this notation may have been prepared by DE FREEZE.

The typewriting on Q991 is a similar style to the typewriting on items Q20 through Q23, Q32 through Q39, Q163 through Q171, Q178 through Q181 and Q183, previously submitted; however, due to the lack of a sufficient number of individual identifying characteristics and the limited amount of typewriting on Q991, a definite conclusion was not reached whether these items were prepared by the same typewriter.

The conclusion was reached that the large piece of foil paper in Q993 was torn from the large piece of foil paper Q988.

The writing and drawing on the Q987 poster bears characteristics of having been made with a fiber tip pen or marker. Q991 bears a watermark reading "NEENAH BOND 125% COTTON FIBER" which is registered to the Neenah Paper Company, Neenah, Wisconsin. Q990 was formed using a brown paper bag. This bag bears a printed symbol and the words "TIMBER TUFF KRAFT SWS 66 PAK-SAK". This trade mark is registered to Murray Bag and Paper Corporation, 4530 Loma Vista Avenue, Vernon, California, as Merchant, and Great Western Bag Corporation, 4530 Loma Vista Avenue, Vernon, California, as converter. No other watermarks, indented writing of significance or other characteristics to aid in determining the source of the submitted items were found.

The submitted items are being returned separately. Appropriate photographs were made.

At 7:30 a.m., today, (4:30 a.m., San Francisco time), SAC Schutz called from the San Francisco Office relative to the SLA pad uncovered at 1827 Golden Gate Avenue, San Francisco, during the late evening of 5/2/74.

He advised the custodian of the apartment had left a message under the door 4/26/74 that it was going to be fumigated. He returned on 4/29/74 and left another message. He entered the apartment on 5/2/74 to fumigate and discovered both his prior messages were still on the floor. He then looked around and discovered all kinds of posters and writings on the wall indicating the occupants were connected with the SLA. Sleeping bags were found, as well as much printed material and books. All the material has now been taken to the FBI office and is being reviewed for lead purposes which will be handled immediately.

Schutz said apparently "something scared them out of the apartment" on the evening of 4/24/74. It is apparent the publicity relative to the finding of the two rental cars at the Japanese Cultural Center on 4/24/74 was the cause for their departure leaving their possessions, including clothing, in the apartment. The witnesses who have been located have indicated the apartment was vacated the night of 4/24/74 although no one at this point can positively identify any photographs or state how many people were in the apartment. The keys to the rented Ford have been located.

Because of the possibility of the apartment being booby trapped by bombs, the "bomb dogs" of the San Francisco Police Department were utilized. This was negative. The FBI dogs moved in and showed a very positive reaction to the scent of Patty Hearst in one sleeping bag and Emily Harris in another sleeping bag. The scent of both of these individuals was very positive at the back stairway. The dogs will be utilized again today. San Francisco believes they have found Patricia Soltysik's hat and Donald DeFreeze's hat utilized in the bank robbery.

Re: HEARNAP

Schutz advised that as soon as all of the material found in the apartment is reviewed and the on-the-scene investigation is generally completed, a detailed teletype on this phase of the investigation will be submitted.

Schutz advised the located pad is approximately seven blocks from the Japanese Cultural Center garage.

In answer to my question relative to the news media receiving this information, Schutz advised it is obvious that it was through the San Francisco Police Department, who received the original phone call.

Attached the daily summary furnished by the San Francisco Office (SFO) for Thursday, 5/2/74.

By subsequent teletype, SFO advised as concerns information on "New SLA Pad" (page two), investigation determined Hamilton rented apartment 3/20/74, and paid full month's rent. On 4/20/74, Hamilton paid additional fee to extend rental agreement to end of April, 1974.

SFO telephonically advised 5/3/74, that evidence obtained from search of above apartment 5/2/74, being thoroughly reviewed for lead purposes and thereafter will be promptly submitted to FBIHQ for examination.

: COMPUTER PROGRAM:

EARLY IN INVESTIGATION, CONSIDERATION WAS GIVEN TO UTILIZATION OF DATA CONTAINED IN COMPUTER BANKS OF PUBLIC UTILITY AND TELEPHONE COMPANIES IN AN EFFORT TO DETERMINE LOCATION OF SUBJECTS BASED ON PRESUMPTION THAT THEY HAD RENTED APARTMENT OR DWELLING IN SAN FRANCISCO BAY AREA. THIS IDEA WAS REJECTED SINCE AT THAT POINT, IT WOULD HAVE INVOLVED AS MANY AS EIGHTY THOUSAND INDEPENDENT INQUIRIES. MEETING IS SCHEDULED EARLY MAY 6, 1974 WITH COMPUTER EXPERTS OF ALL PUBLIC UTILITIES AND TELEPHONE COMPANY, TO DETERMINE IF POSSIBILITY EXISTS THIS NUMBER CAN BE REDUCED TO A MORE MANAGEABLE ONE, THEREBY ENABLING US TO LOCATE SUBJECTS PRESENT WHEREABOUTS THROUGH IDENTIFYING NEW SUBSCRIBERS SINCE MARCH 1, 1974.

RE: OPERATION SNIFF:

CONCERNING BLUE ROBE MENTIONED PREVIOUSLY, DOGS UNABLE TO PICK UP PATTY'S SCENT ON THIS GARMENT. AMONG ITEMS LOCATED IN DEBBIS WAS BLINDFOLD MADE OF SPONGE PADDING TO FIT SECURELY OVER EYES FASTENED TO HEAD WITH A CLOTH HARNESS. THIS ITEM CONTAINED SCENT OF VICTIM.

TO : Mr. Gebhardt
FROM : R. J. Gallagher
SUBJECT: HEARNAP

DATE: May 1, 1974

This is to advise that Dr. Murray S. Miron, Professor of ~~Psycholinguistics, Syracuse University~~, telephonically advised Gallagher this morning that he had received an invitation to appear before the Committee to Combat Terrorism.

Dr. Miron has analyzed tapes received in connection with captioned investigation and furnished the results of his analysis. He visited FBIHQ on April 3, 1974, and discussed his analysis of the first four tapes in this case.

This morning [REDACTED] telephonically advised he was in receipt of a letter from Richard Lally, Department of Transportation a member of the Committee to Combat Terrorism, who was writing in behalf of Ambassador Lewis Hoffacker, Chairman of this Committee, inviting Dr. Miron to discuss his discipline before the Committee on May 15, 1974.

[REDACTED] inquired as to whether in the course of his presentation he should make mention of his analysis of the Hearst tapes. He stated he does not pretend to make a formal presentation but rather an informal presentation such as he made at FBIHQ. It is to be noted that [REDACTED] has analyzed the tapes on a strictly voluntary basis and has received no compensation from the FBI. It is also to be noted that [REDACTED] had access to the first tape and made his analysis prior to his first contact with the FBI.

[REDACTED] was advised that the Committee to Combat Terrorism was made up of representatives of several departments of the Government, all of whom had an interest in terrorist activities. This would include the FBI. In addition to the FBI, State Department, Transportation, CIA, Treasury, and Secret Service would probably be represented, as well as others, and the FBI would have no objection to his mentioning he had analyzed tapes in the Hearst kidnaping to this group.

ACTION: This is for information.

Recently several offices have received reports of sightings regarding individuals possibly involved in Hearnap. Most recently our Louisville, Atlanta, and Columbia field offices have received information from individuals who allege they know the whereabouts of subjects and/or Patty Hearst or have been contacted by them in the normal course of business.

All of these leads regardless of their unsubstantial nature are being thoroughly looked into and resolved.

It is noted that by teletype dated 4/23/74 to all SACs the following instructions were issued regarding sightings and inquiries of Hearnap subjects:

"All offices receiving information regarding these individuals or any other aspect of this case are instructed to handle such matters immediately. These leads must be thoroughly investigated, exhaustively explored, and all necessary action taken to resolve complaints by the recipient office. Do not conduct a cursory investigation and request guidance from San Francisco."

These matters continue to be closely followed by Bureau Supervisory personnel.

ACTION:

None. For information.

For the information of the FBI Laboratory, prime suspects in the HEARNAP matter and the victim PATRICIA HEARST were participants in the bank robbery of the Hibernia Bank, Sunset Office, 1450 Noriega Street, San Francisco. Two vehicles, a 1973 Ford station wagon and a 1974 red AMC Hornet Sportabout, were utilized as getaway vehicles, subsequently abandoned about ten blocks away from the bank, recovered, searched and processed for latent evidence. Materials obtained from search previously submitted for examination by FBI Laboratory. At time of abandonment of above vehicles, prime suspects and victim PATRICIA HEARST utilized switch cars, a 1973 Ford LTD sedan and a 1974 Ford Maverick, which were recovered on 4/24/74, in parking garage in San Francisco. Accompanying this letter by airmail register under a separate cover are the following items that were obtained during a search of a 1974 Ford Maverick bearing California License 794 KIB.

It is noted that items number nine and number ten are not being submitted for they are being disseminated to _____ Radiation Laboratory, University of California, Berkeley, California, for soil analysis examination.

Examination requested by: San Francisco

Reference: Airtel 5/4/74

Examination requested: Document - Fingerprint

Remarks:

Q1055 is being returned separately with the results of the latent fingerprint examination.

For your assistance, significant similarities were observed in comparing the Hamilton signature on Q1055 with the available purported known writing of EMILY HARRIS, K8, K6, K9 and K20, which indicates this signature may have been prepared by her. It will be necessary to have additional voluminous writing by HARRIS before a more adequate comparison can be made. Also it should be noted that the available writing of HARRIS does not contain hand printing for comparison with questioned hand printing on Q1055 and on other items submitted in these cases.

Nothing of particular significance was observed in comparing the questioned writing on Q1055 with comparable known or purported known writing of other individuals submitted in these cases.

Result of examination:

A definite conclusion was not reached whether the questioned writing on Q1055 was prepared by the writers of the unidentified questioned writing, the known writing or the purported known writing on items previously submitted in this case, case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" or case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM) EM," due to the presence of unexplained variations and the lack of sufficiently comparable writing.

Q996 Envelope postmarked "BROOKLYN, NY 112 PM 22 APR 1974," bearing handwritten address "Randolph Hearst Foundation 959-8th Ave New York City," accompanying envelope bearing handwritten message beginning "This is a" and accompanying two-page handwritten message beginning "As one human," and ending on last page "see too well!"

Q997 Envelope postmarked "U.S. POSTAL SERVICE GA 300 AM APR 11 1974," bearing typewritten address "The Hearst Foundation 959 8th Avenue New York, New York 10019," and accompanying two-page typewritten letter beginning "It is very difficult," second page beginning "around propositioning," signed [REDACTED] b7C

Result of examination:

Q996 and Q997 were not associated with material maintained in the Anonymous Letter File. Copies have been added thereto.

The typewriter used to prepare Q997 was not used to prepare the typewriting on other items previously submitted in this case or in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM".

A definite conclusion was not reached whether the questioned writing on Q996 and Q997 was prepared by any of the writers of unidentified questioned writing, the known writing or purported known writing on items previously submitted in this case and in the SLA case, due to the lack of sufficiently comparable writing and the presence of unexplained variations. However, nothing of significance was observed in comparing the questioned writing on Q996 and Q997 with comparable writing on other items previously submitted in this case and in the SLA case.

The typewriting on Q997 corresponds to Laboratory standards for an IBM pica style of type, spaced ten characters per horizontal inch. Each sheet of the two-page typewritten letter included in Q997 bears the watermark "ERASABLE BOND 25% COTTON FIBER". This watermark is registered to Kimberly-Clark Corporation, Neenah, Wisconsin. The other submitted items contain no watermarks. The submitted items contain no indented writing of significance or other characteristics to aid in definitely determining the sources of the submitted items. A ten cent U.S. Postal Service stamp, torn from a roll of stamps, is affixed to the envelope portion of Q996. Two ten cent U.S. Postal Service stamps, torn from a roll of stamps, are affixed to the envelope portion of Q997.

The submitted evidence, which has been photographed, is attached for New York.

Re my memo dated 5/1/74 (copy attached). The purpose of this memorandum is to bring you up-to-date on developments as they have transpired per our contacts with John Clements of the Hearst Corporation, in connection with plans for a proposed reward in connection with captioned case since date of referenced memorandum.

My office has been in daily contact with Clements and as of 6 p.m. yesterday evening, he advised that the Hearst Corporation still had not finalized plans to offer a reward. He noted that he was under the impression that the Board of Directors was supposed to meet on 5/6/74, however, the meeting did not take place and is now scheduled for this morning, 5/7/74.

It should be noted that last Friday evening, 5/3/74, at approximately 11:30 p.m., Clements called Quinn at home to advise him that John Miller, Executive Vice President, had indicated that Randy Hearst and Charles L. Gould, Publisher, San Francisco Examiner, were strongly resisting the concept of a confidential reward and that for this reason the corporation had not been able to decide whether to initially offer a confidential reward or not. Clements said that Miller was interested in knowing how strong the Bureau's feelings were concerning a confidential reward. It was indicated to Clements that the Bureau's views had already been expressed to Mr. Miller by Mr. Kelley in their telephone conversation on the afternoon of 4/30/74 and in response to the questions posed by Mr. Miller which were made available to Mr. Clements on the evening of 5/1/74 (copy attached).

It was pointed out to Mr. Clements that the Director's thoughts on the subject had been sought and afforded and that with respect to a reward, confidential or otherwise, under no circumstances would the FBI seek to impose its will on the Hearst Corporation and that any decision in this regard must be made by the Hearst Corporation, not the FBI.

Frank to Jenkins Memo (continued)
Re: HEARNAP

Clements said he fully understood our position and expressed deep personal concern regarding the vacillation and indecision of the Hearst organization.

Clements was on the phone to Quinn on the mornings and evenings of 5/4, 5/5 and 5/6/74 and on each and every occasion Clements provided a negative status report.

You may be assured that we are continuing to follow this matter closely and have been keeping Assistant Director Gebhardt and SACs Bates and Schutz fully apprised of all developments with respect to the matter of a reward.

Frank to Jenkins memo
Re: HEARNAP

ADDENDUM: GTQ:jo 5/7/74

John Clements telephoned today 5/7/74 to advise that, according to John Miller, the Hearst Corporation has decided not to approve offering a public reward in connection with this case. According to Clements, the Hearst organization, however, is willing to make \$100,000 to \$200,000 available to the Bureau, on a confidential basis, to use as the FBI sees fit to develop information to bring this case to a logical conclusion. Clements indicates the Hearst organization does not want the "notoriety" of becoming involved in adjudicating to whom such monies should go but merely wishes to confidentially turn funds over to the FBI for our disbursement.

It was specifically pointed out to Clements that in response to one of the questions posed by Miller, as set forth in material furnished to Clements on 5/1/74 (attached) that under no circumstances would the FBI enter into any negotiations regarding the distribution of reward funds but would only furnish the necessary information to the appropriate persons designated by the Hearst Corporation to adjudicate its disbursement.

Clements noted that a memorandum is being placed in the mail to him from Miller setting forth the details of the Hearst organization's decision in connection with this matter. He said he anticipated having it in hand and over to us tomorrow morning, 5/8/74.

Finally, Clements also advised that Randy Hearst has indicated to Hearst officials that on his own he now intends to announce a public reward, details concerning which neither he (Clements) nor, to his knowledge, the Hearst officials have.

In this regard, Charlie Bates has advised Mr. Gebhardt that Randy has indicated to him that he proposes to offer a \$50,000 reward, hopefully to be announced in the San Francisco Examiner tomorrow. Hearst has further advised that he has commitments from two other donors for \$50,000 each at the present time. Hearst has indicated to Bates that the reward will be offered for information leading to the safe return of his daughter.

As a consequence of the Director's telephone conversation with Mr. John Miller, Executive Vice President, Hearst Corporation yesterday afternoon, Mr. Miller has now submitted a list of 7 questions which he would like to pose of the Bureau in connection with the matter of a confidential reward for information which would bring this case to a successful conclusion.

In this regard, John Clements, Washington representative of Hearst, stopped by my office at 3 p.m. this afternoon and posed the questions. They are as follows:

- (1) In connection with a reward, what would be a useful amount of money?
- (2) Where should the money be deposited and in whose name?
- (3) Is it intended that the money go to a number of people or in one piece to the FBI?
- (4) Who will make the payments and in what way?
- (5) Would it be agreeable that whatever monies of the reward are left at the end of 30 days will be returned to Hearst?
- (6) Because of the tax situation, would the Hearst Corporation get any sort of receipt to support this disbursement of funds?
- (7) Should there be any restrictions by Hearst or the FBI on payment of reward money.

The proposed answers to the foregoing questions have been discussed and coordinated with Assistant Director Gebhardt and we feel that the Bureau should respond to Mr. Miller as follows:

- 1 - Mr. Gebhardt
- 1 - Mr. Franck
- 1 - Telephone Room
- 1 - Mrs. Metcalf

Re: HEARNAP

(1) The amount of money to be offered as a reward should be sufficient to induce the desired response from an informant or a citizen in terms of providing information necessary to bring this case to a logical conclusion. The figures \$100,000 and \$250,000 have been discussed; however, the amount of the reward is the decision of the Hearst Corporation, not the FBI.

*No more than \$100,000 H/ty
upto \$250,000 if necessary at later date*

(2) With respect to question #2, it should be pointed out to Mr. Miller that while the Hearst Corporation, if deemed desirable, might wish to place the reward money in escrow, that would be their decision and not the province of the FBI.

(3) and (4) In response to questions 3 & 4, it should be pointed out to Mr. Miller that the distribution of the funds for the reward would be made by them or persons designated by them based on information we would supply as to the participation or information obtained from an informant which resulted in the solution of the case. It is essential that it be made crystal clear that under no circumstances will the FBI enter into any negotiations regarding the distribution of the "reward" funds but only furnish the necessary information to the appropriate persons designated by the Hearst Corporation to adjudicate its disbursement.

(5) In response to question #5, it should be pointed out to Mr. Miller that it would be intended that the reward money would always be in control of the Hearst Corporation, never the FBI.

(6) With regard to question #6 which raises the issue of the tax situation, appropriate documentation from the FBI certainly could be afforded to cover this contingency following the payment of a reward.

(7) With respect to question #7 relating to restrictions by Hearst or the FBI on payments of reward money, the Hearst Corporation would have to decide precisely what the conditions should be for payment, that is, whether it should be merely for the location of subjects, the apprehension of subjects, the conviction of subjects, the safe return of Patricia Hearst or a combination of all four. It is strongly felt that the confidential reward, if decided upon by the Hearst Corporation, should not be made public until the FBI has had sufficient opportunity and is given sufficient latitude to bring the availability of such a reward to logical sources determined by its San Francisco Office in an effort to solve this case. This procedure will, of course, be expedited and if all possibilities are exhausted in a negative manner, the offer of the reward should then be made public through the news media.

**REWARD FOR SAFE RETURN OF
PATRICIA CAMPBELL HEARST**

*part to file
Clemens
Giles
6/5/74*

1. In connection with a reward, what would be a useful amount of money?

The amount of money to be offered as a reward should be sufficient to induce the desired response from an informant or a citizen in terms of providing information necessary to bring this case to a logical conclusion. It is suggested that not more than \$100,000 be offered initially; if necessary, up to \$250,000 at a later date should the initial \$100,000 not prove to be a strong enough inducement.

2. Where should the money be deposited and in whose name?

The Hearst Corporation, if deemed desirable, may wish to place the reward money in escrow; however, this decision must rest solely with the Hearst Corporation.

3. Is it intended that the money go to a number of people or in one piece to the FBI? Who will make the payments and in what way?

The distribution of the funds for the reward would be made by the Hearst Corporation or persons designated by them based on information supplied by police authorities as to the participation or information obtained from an informant which resulted in the solution of the case. It is understood that under no circumstances will the FBI enter into any negotiations regarding the distribution of the "reward" funds but would only furnish the necessary information to the appropriate persons designated by the Hearst Corporation to adjudicate its disbursement.

4. Would it be agreeable that whatever monies of the reward are left at the end of 30 days will be returned to Hearst?

The reward money would always be in control of the Hearst Corporation, never the FBI.

5. Because of the tax situation, would the Hearst Corporation get any sort of receipt to support this disbursement of funds?

Appropriate documentation from the FBI, it is understood, could be afforded covering this contingency following the payment of a reward.

6. Should there be any restrictions by Hearst or the FBI on payment of reward money?

The Hearst Corporation would have to decide precisely what the conditions should be for payment, that is, whether it should be merely for the location of subjects, the apprehension of subjects, the conviction of subjects, the safe return of Patricia Hearst, or a combination of all four. It is strongly felt that the confidential reward if decided upon by the Hearst Corporation, should not be made public until the FBI has had sufficient opportunity and is given sufficient latitude to bring the availability of such a reward to logical sources determined by its San Francisco office in an effort to solve this case. This procedure will, of course, be expedited and if all possibilities are exhausted in a negative manner, the offer of the reward should then be made public through the news media.

At 10:15 a.m. today I talked to SAC Bates concerning the amount of money the FBI should consider offering informants and potential informants for information leading to the solution, arrest and conviction of subjects involved in this case. In contacting our informants in the past, the phrase "a considerable sum of money" has been utilized and Bates believes a figure of \$25,000 has actually been offered on one occasion.

This discussion took place in view of the developments relative to the reward consideration by the Hearst Corporation and the Hearst family. On 5/7/74 the Hearst Corporation in New York indicated its willingness to make available a considerable sum of money on a confidential basis for the solution of this case but desired to turn it over to the FBI and have it completely administered and disbursed by the FBI. This, of course, is completely unacceptable to the Bureau and as indicated in the memo of 5/7/74, we should not be placed in this position. Therefore, any funds emanating from the Hearst Corporation are no longer of consideration.

On 5/8/74, Randy Hearst made public an offer of \$50,000 to anyone who furnished information "leading to the safe return of Patricia to her family." He makes no reference to the subjects involved. It is conceivable that someone having information that would lead to the safe return of Patricia to her family would also have information as to the location and apprehension of the subjects; but, on the other hand, it is possible that such would not occur.

In this connection, Bates advised Ben Swig, owner of the Fairmont Hotel in San Francisco, had offered to Hearst \$50,000 for a reward as did an individual from Palm Beach, Florida. As yet Hearst has not accepted these two offers and after discussing the matter with Charles Gould, publisher of the San Francisco Examiner, it appears the Hearst family is going to continue with the family's \$50,000 reward for at least a week.

before accepting or seriously discussing the other two offers of \$50,000 each. Bates had no information as to what conditions would be placed on the other two offers. Bates did state that Randy Hearst gave consideration to including as one of the conditions in his reward the fact that the individual must furnish information leading to the arrest and apprehension of the subjects but discounted that condition.

At the present time Bates said San Francisco does not have any informants or sources that they feel have any direct knowledge as to the location of the subjects.

[REDACTED]

It was pointed out that at anytime an informant could be developed or an individual may volunteer to furnish the necessary information if a substantial sum of money was available for such information and that San Francisco should be in a position to at least have a starting point in this regard. Bates agreed with my analysis in this regard and after discussing this it was decided that a figure of \$50,000 should be the starting point if an informant is developed that might possess such information or if an individual should voluntarily contact the office and agree to furnish the necessary information if a substantial sum of money was available. It was further agreed that if the figure of \$50,000 caused someone to "nibble at the bait" but additional funds might be necessary, Bates would make appropriate recommendations to the Bureau.

RECOMMENDATION: In view of the above, it is recommended that Bates be authorized to offer on an extremely selective basis the sum of \$50,000 to an individual who could and would furnish the necessary information leading to the location, arrest and conviction of the subjects involved in the kidnaping and bank robbery.

RE: SYMBIONESE LIBERATION ARMY (SLA)

On May 7, 1974, [REDACTED] of WCPO Television Station (Channel 9), 500 Central Avenue, Cincinnati, Ohio, advised that the news department of the station received a press statement from the Symbionese Liberation Army (SLA).

SYMBIONESE LIBERATION ARMY (SLA)

The Symbionese Liberation Army (SLA) is an extremely militant organization founded in approximately August of 1973, in the San Francisco, California area, and is currently known to be operating only in the San Francisco area.

On May 8, 1974, [REDACTED] supra, furnished the original envelope and press statement received by WCPO Television Station.

On May 7, 1974, [REDACTED] The Cincinnati Post, 800 Broadway Street, Cincinnati, Ohio, a newspaper of general circulation in the Cincinnati area, advised that a letter had been received at the newspaper containing a press statement by the Symbionese Liberation Army.

The press statements received at the local WCPO Television Station and "The Cincinnati Post" are identical. Each statement appeared to be a xeroxed copy of the original handwritten statement.

The contents of the Symbionese Liberation Army

press statement received at WCPO Television Station and "The Cincinnati Post" are set forth as follows:

"PRESS STATEMENT

Orders arriving late yesterday afternoon from our Superior Officers in California demanded that we, the Regional Chapter of the "Symbionese Liberation Army", immediately serve warning to the Politicians and Law Enforcement Agencies of Cincinnati, pointing out that:

(1) Hence forth, all politicians who does not start relating to the needs of Blacks, poor Whites and other deprived people promptly, can prepare to "make their bed in Hell".

(2) That each attack by police on Black and Poor Whites, most definitely shall necessitate retaliatory violence on the police department - three times greater than any violence demonstrated in Vietnam, and World Wars One and Two.

(3) That anyone selling or giving drugs to children will automatically be seriously beaten, killed, or both.

(4) That persons working in federally funded programs, such as Model Cities, C.A.C., R.N.C.A., etc., etc, had better become either seriously involved in their efforts to assist the people or make funeral arrangements now.

Note: Save valuable time by not seeking our identity. For we are like a killer tornado. We hit extremely hard - and then we vanish!

Copies forwarded to the Mayor, City Manager, Police Chief, Safety Director and the news media.

S. L. A."

RE: SYMBIONESE LIBERATION ARMY (SLA)

The envelopes which contained each of these press statements were both mailed on May 6, 1974, and each cancellation stamp on the outside of the envelope bore the number 450.

On May 8, 1974, [REDACTED] U. S. Post Office Annex, Dalton Street, Cincinnati, Ohio, advised that the number 450 on the cancellation stamp indicates that the statements were mailed from somewhere within a radius of approximately 60 miles from Cincinnati, Ohio. He stated that the Cincinnati, Ohio Post Office is the Sectional Center Facility for 176 post offices, which are located throughout certain areas of Ohio, Kentucky, and Indiana.

On May 8, 1974, [REDACTED] advised that his department is aware of the press statements received at various locations in Cincinnati. He said that his section has received no information to indicate who was involved in sending these statements. He stated that there is no information in his section which indicates any activity by the Symbionese Liberation Army within the Cincinnati area. He stated that all sources of his department have been alerted to any possible activity by the Symbionese Liberation Army in this area.

The Identification Division has advised that a latent print found in the apartment located at 1827 Golden Gate Avenue is identical with two previously located latents. These two latent fingerprints were found on the back door glass of Patty Hearst's Berkeley apartment and a latent fingerprint found on her Earth History book.

While we do not have Patty's fingerprints, it would appear these latent prints are hers and would definitely place her in the Golden Gate Avenue apartment. Ident. is sending a wire to San Francisco.

For your information.

"PEGGY I HAVE NO CHOICE MY BABY IS IN THEIR COMPOUND, ALSO NEEDLESS TO SAY - I WILL DO EXACTLY AS I AM INSTRUCTED. THEY ARE, INDEED, FANATICAL - PLEASE DO NOT UNDERESTIMATE THEIR ABILITY.

"I WOULD ASSUME ONE OF YOUR NEIGHBORS IS AN ARMY MEMBER. DANNY WAS CHOSEN FIRST UNTIL YOUR PREGNANCY WAS REPORTED. I CAN ONLY STRESS THE VITAL IMPORTANCE OF DOING EXACTLY AS INSTRUCTED. THEY WOULD NOT HESITATE IN KILLING. I REALIZE THIS WILL NOT HELP MUCH JUST NOW BUT WILL BE WELL CARED FOR. I DON'T KNOW WHAT ELSE I CAN SAY - EXCEPT PERHAPS TO REMIND YOU OF AN OLD TESTAMENT

Remymemo dated 5/7/74 (copy attached). We are now in receipt of the Hearst Corporation proposal for a confidential reward for use by the FBI in connection with captioned investigation. It is attached.

Briefly, the Hearst Corporation wishes to confidentially turn over to the Bureau a maximum of \$100,000 for the purpose of paying rewards in this case and except for making these funds available, wishes no involvement in their disbursement.

This offer has been discussed in detail with Assistant Directors Mintz and Gebhardt, as well as SAC Charlie Bates and we all concur that the receipt of this proposal be orally acknowledged through John Clements, Hearst Corporation representative here in Washington, D.C., that we reiterate our position which has been previously stated orally and in writing, that the FBI will, under no circumstances enter into any negotiations regarding the distribution of "reward" money but should a confidential reward be offered would only furnish the necessary information to appropriate persons designated by the Hearst Corporation to adjudicate its disbursement.

Observation:

Circumstances may develop in this investigation where an additional \$100,000 might be useful in turning a source. Consequently, we should not completely close the door on their offer at this time, since at a later date, based on developments, we may be able to persuade the Hearst people to make the funds they offer available under our conditions. (But they will determine who is to be paid.)

RECOMMENDATION:

That the Director approve our contacting John Clements, Hearst Corporation Washington representative, in line with the foregoing.

DRAFT

The Hearst Corporation will provide to the Federal Bureau of Investigation ("Bureau") a maximum sum of \$100,000 to be used by the Bureau for the purpose of paying rewards to persons who furnish the Bureau with useful information relating to the present whereabouts of Patricia Hearst and/or the identity and present whereabouts of her abductors. The Bureau shall determine, in its sole discretion, the usefulness of any and all information received by it, the persons entitled to receive rewards and the amounts of each such reward to be paid. Except for its commitment to provide funds in accordance with the foregoing, The Hearst Corporation shall have no responsibilities or obligations to any person or persons relating to the subject matter hereof.

If any portion of the aforesaid \$100,000 shall not have been used by the Bureau in accordance with the foregoing, on or before _____, the Bureau shall return such unused portion to The Hearst Corporation promptly after such date.

HEARSTAP

Re my memo dated 5/1/74 (copy attached). The purpose of this memorandum is to bring you up-to-date on developments as they have transpired per our contacts with John Clements of the Hearst Corporation, in connection with plans for a proposed reward in connection with captioned case since date of referenced memorandum.

My office has been in daily contact with Clements and as of 6 p.m. yesterday evening, he advised that the Hearst Corporation still had not finalized plans to offer a reward. He noted that he was under the impression that the Board of Directors was supposed to meet on 5/6/74, however, the meeting did not take place and is now scheduled for this morning, 5/7/74.

It should be noted that last Friday evening, 5/3/74, at approximately 11:30 p.m., Clements called Quinn at home to advise him that John Miller, Executive Vice President, had indicated that Randy Hearst and Charles L. Gould, Publisher, San Francisco Examiner, were strongly resisting the concept of a confidential reward and that for this reason the corporation had not been able to decide whether to initially offer a confidential reward or not. Clements said that Miller was interested in knowing how strong the Bureau's feelings were concerning a confidential reward. It was indicated to Clements that the Bureau's views had already been expressed to Mr. Miller by Mr. Kelley in their telephone conversation on the afternoon of 4/30/74 and in response to the questions posed by Mr. Miller which were made available to Mr. Clements on the evening of 5/1/74 (copy attached).

It was pointed out to Mr. Clements that the Director's thoughts on the subject had been sought and afforded and that with respect to a reward, confidential or otherwise, under no circumstances would the FBI seek to impose its will on the Hearst Corporation and that any decision in this regard must be made by the Hearst Corporation, not the FBI.

Frank to Jenkins Memo (continued)

Re: # BARNAP

Clements said he fully understood our position and expressed deep personal concern regarding the vacillation and indecision of the Hearst organization.

Clements was on the phone to Quinn on the mornings and evenings of 5/4, 5/5 and 5/6/74 and on each and every occasion Clements provided a negative status report.

You may be assured that we are continuing to follow this matter closely and have been keeping Assistant Director Gebhardt and SACs Bates and Schutz fully apprised of all developments with respect to the matter of a reward.

RECOMMENDATION:

Frank to Jenkins memo
Re: HEARNAP

ADDENDUM: GTQ:jo 5/7/74

John Clements telephoned today 5/7/74 to advise that, according to John Miller, the Hearst Corporation has decided not to approve offering a public reward in connection with this case. According to Clements, the Hearst organization, however, is willing to make \$100,000 to \$200,000 available to the Bureau, on a confidential basis, to use as the FBI sees fit to develop information to bring this case to a logical conclusion. Clements indicates the Hearst organization does not want the "notoriety" of becoming involved in adjudicating to whom such monies should go but merely wishes to confidentially turn funds over to the FBI for our disbursement.

It was specifically pointed out to Clements that in response to one of the questions posed by Miller, as set forth in material furnished to Clements on 5/1/74 (attached) that under no circumstances would the FBI enter into any negotiations regarding the distribution of reward funds but would only furnish the necessary information to the appropriate persons designated by the Hearst Corporation to adjudicate its disbursement.

Clements noted that a memorandum is being placed in the mail to him from Miller setting forth the details of the Hearst organization's decision in connection with this matter. He said he anticipated having it in hand and over to us tomorrow morning, 5/8/74.

Finally, Clements also advised that Randy Hearst has indicated to Hearst officials that on his own he now intends to announce a public reward, details concerning which neither he (Clements) nor, to his knowledge, the Hearst officials have.

In this regard, Charlie Bates has advised Mr. Gebhardt that Randy has indicated to him that he proposes to offer a \$50,000 reward, hopefully to be announced in the San Francisco Examiner tomorrow. Hearst has further advised that he has commitments from two other donors for \$50,000 each at the present time. Hearst has indicated to Bates that the reward will be offered for information leading to the safe return of his daughter.

**REWARD FOR SAFE RETURN OF
PATRICIA CAMPBELL HEARST**

*Post to Helen
Clement
Spice 6/24 5/1/74*

1. In connection with a reward, what would be a useful amount of money?

The amount of money to be offered as a reward should be sufficient to induce the desired response from an informant or a citizen in terms of providing information necessary to bring this case to a logical conclusion. It is suggested that not more than \$100,000 be offered initially; if necessary, up to \$250,000 at a later date should the initial \$100,000 not prove to be a strong enough inducement.

2. Where should the money be deposited and in whose name?

The Hearst Corporation, if deemed desirable, may wish to place the reward money in escrow; however, this decision must rest solely with the Hearst Corporation.

3. Is it intended that the money go to a number of people or in one piece to the FBI? Who will make the payments and in what way?

The distribution of the funds for the reward would be made by the Hearst Corporation or persons designated by them based on information supplied by police authorities as to the participation or information obtained from an informant which resulted in the solution of the case. It is understood that under no circumstances will the FBI enter into any negotiations regarding the distribution of the "reward" funds but would only furnish the necessary information to the appropriate persons designated by the Hearst Corporation to adjudicate its disbursement.

4. Would it be agreeable that whatever monies of the reward are left at the end of 30 days will be returned to Hearst?

The reward money would always be in control of the Hearst Corporation, never the FBI.

5. Because of the tax situation, would the Hearst Corporation get any sort of receipt to support this disbursement of funds?

Appropriate documentation from the FBI, it is understood, could be afforded covering this contingency following the payment of a reward.

6. Should there be any restrictions by Hearst or the FBI on payment of reward money?

The Hearst Corporation would have to decide precisely what the conditions should be for payment, that is, whether it should be merely for the location of subjects, the apprehension of subjects, the conviction of subjects, the safe return of Patricia Hearst, or a combination of all four. It is strongly felt that the confidential reward if decided upon by the Hearst Corporation, should not be made public until the FBI has had sufficient opportunity and is given sufficient latitude to bring the availability of such a reward to logical sources determined by its San Francisco office in an effort to solve this case. This procedure will, of course, be expedited and if all possibilities are exhausted in a negative manner, the offer of the reward should then be made public through the news media.

RE: OPERATION SNIFF

[REDACTED] AND HIS TWO DOGS ARRIVED IN SAN FRANCISCO PER BUREAU INSTRUCTIONS ON EARLY MORNING OF APRIL 26, 1974, AND SINCE THAT DATE HAVE WORKED IN CLOSE CONJUNCTION WITH OUR OVERALL INVESTIGATIVE EFFORT. THE DOGS ARE SCENTED ON PATRICIA HEARST AND EMILY HARRIS, BUT ARE CAPABLE OF BEING DESENSITIZED AS THE SITUATION DEMANDS. FOR INSTANCE, IN THE MAY, 1974, KIDNAPPING OF THREE WEEK OLD MARSHALL ROBERT JONES OF SANTA ROSA, CALIF., [REDACTED] DOGS WERE BROUGHT TO THE SCENE AND ASSISTED FBI AND LOCAL AUTHORITIES IN THE INVESTIGATION. THROUGH THEIR EFFORTS AT THE SLA HIDEOUT, 1827 GOLDEN GATE AVE., WE WERE ABLE TO ESTABLISH BOTH VICTIM AND HARRIS WERE IN THE ROOM AND THAT THE VICTIM WAS, IN FACT, ALIVE BECAUSE SHE WAS SCENTED LEAVING THE AREA BY A BACK ALLEY ROUTE. WHEN NO SPECIFIC ASSIGNMENT ON HAND, DOGS WITH ASSISTANCE OF AGENT ASSIGNED TO [REDACTED], USING BLINDMAN COVER, WORK SUSPECTED AREAS ON BLOCK TO BLOCK BASIS.

On 5/8/74 the group had observed a young lady who bore a striking resemblance to PATRICIA HURST, Victim in captioned matter. The girl appeared to be in her early 20s, 5'6" tall, 115 to 120 pounds, with shoulder length hair which appeared to be dark brown with a red tint. She was staying at the Hotel with a Negro male, about 20 to 30 years old, 6'0", 150 to 160 pounds, slim build, black hair in a slight afro, brown eyes, and spoke to the Haitians using the term "brother." He stated the male was American, and besides the appearance of the young lady, he and his associates noted that while the two stayed in the same room, there did not seem to be any rapport between them.

stated that later two other white females and a mulatto male, all Americans appeared at the Hotel and stayed in another room but associated solely with the above described individuals.

One female was in her early 20s, 5'2" or 3", 120 pounds, Brunette hair, and wore glasses. The other was the same age and height with blonde hair. Both were medium build. The mulatto was the same age, 6'1" tall, 165 pounds, slender build, black hair, brown eyes.

For the information of the FBI Lab and Identification Division with the exception of the scrap of paper with the name Sarita Reynolds, the above messages all appeared on the walls of the SLA "safe house" at 1827 Golden Gate Avenue, Apt. 6, San Francisco, and were photographed after the house was discovered on 5/2/74.

EXAMINATIONS DESIRED

The FBI Lab is requested to examine the 3" X 5" piece of unlined paper and the cardboard backing to which it is attached for:

- a) indented writing
- b) photograph it
- c) compare handwriting on the pad with known specimens previously submitted in connection with the investigation of HEARNAP and the SLA

It is requested that the piece of paper be examined for latent fingerprints and that any latents that might be developed, be compared with known prints of members or suspected members of the SLA or persons involved in HEARNAP.

The FBI Lab is requested in connection with the piece of plaster to photograph the latter and to compare it along with the eight different 8" X 10" photographs in an effort to identify the number of persons involved in placing the messages on the wall and to thereafter compare the handprinting and handwriting in these messages with the known handwriting and handprinting for members of the SLA or persons involved in HEARNAP. Appreciating that photographs being submitted are not of outstanding quality, particular interest is in the messages signed TANIA (name used by PATRICIA HEARST) and CIN (DONALD DAVID DE FREEZE).

SF 7-855

TJP/cad

The pieces of plaster and the 3" X 5" piece of paper with cardboard backing are evidence and after the examination is complete, it is requested that they be returned to San Francisco along with the results of the examination. The 8" X 10" photographs should be retained in the FBI Lab for possible comparison with other documents that might be received at some subsequent date relating to the SLA or HEARNAP.

CIRCULARIZATION AS RECOMMENDED BY SAC, SAN FRANCISCO IS
WARRANTED AT THIS TIME. IN LIEU THEREOF, CIRCULARIZATION IS
AUTHORIZED FOR THE STATES OF WASHINGTON, OREGON, IDAHO, NEVADA,
ARIZONA, ILLINOIS AND INDIANA. THESE STATES ARE EITHER
CONTIGUOUS TO OR SURROUNDING THE STATE OF CALIFORNIA OR
THE HOME STATES OF KEY SUSPECTS IN THIS MATTER.

RICHMOND AND DETROIT SHOULD RECONTACT RESPECTIVE MAILING

RE SF REPORT APRIL 28, 1974 CONCERNING ROBBERY OF

WE EXPERIENCE NUMEROUS INSTANCES OF CONTRADICTORY

INSTANCE, THE WITNESS GAVE CONTRADICTORY INFORMATION WHEN

SUFFICIENT FACTS ON HAND TO ANSWER ANY REASONABLE INQUIRY. AS INDICATED ABOVE, THE ALIOTO STORY SHOULD HAVE BEEN REPORTED AND STEPS HAVE BEEN TAKEN TO INSURE THAT THERE BE NO REOCCURENCE OF A SITUATION SUCH AS THIS. HOWEVER, WITH RESPECT TO THE STORY RELATING TO WITNESSES' ALLEGED STATEMENTS DEALING WITH THE SLA PAD AT 1827 GOLDEN GATE AVENUE, IS IS IMPOSSIBLE TO ANTICIPATE THE FABRICATIONS BY THE PRESS. THE MEDIA IN THIS SITUATION IS KNOWN TO HAVE BADGERED WITNESSES TO THE POINT WHERE THEY HAVE BECOME HOSTILE TO THE FBI. WITNESSES WERE TELEPHONED AT ALL HOURS OF THE DAY AND NIGHT BY THE MEDIA AND IN SOME CASES OFFERED FREE DINNER OR OTHER REMUNERATION IN RETURN FOR AN INTERVIEW. THE INTERVIEWS WERE CONDUCTED IN SUCH A WAY AS TO ENCOURAGE IDENTIFICATIONS WHEN, IN FACT, THE WITNESSES HAD NO INFORMATION OF VALUE, AND NECESSARILY CAUSED RE-INTERVIEWS BY THE SAN FRANCISCO OFFICE WHEN INFORMATION WAS REPORTED IN THE PRESS INCONSISTENT WITH WHAT HAD BEEN PREVIOUSLY FURNISHED BY THE WITNESS.

THE BUREAU WAS FURNISHED WITH SPECIFICS - THAT IT APPEARED THE DATE SUBJECTS LEFT THE GOLDEN GATE ADDRESS WAS THE 26TH. THE INFORMATION REPORTED BY THE PRESS AS RELATED IN YOUR TELETYPE IS ERRONEOUS AND INACCURATE AND OBVIOUSLY, EXCEPT IN MAJOR NEWS STORIES, WE ARE NOT IN A POSITION ROUTINELY REFUTE OR COMMENT UPON EACH INACCURACY.

RECOGNIZING THE FACT THAT CONFLICTING INFORMATION HAS BEEN RECEIVED FROM INDIVIDUAL WITNESSES, ALL PERSONNEL ARE INSTRUCTED TO COMMENT UPON THIS FACT WHEN CONDUCTING RE-INTERVIEWS, REPORTING SAME IN THE 302. IN THE INSTANCES CITED BY THE BUREAU THIS WAS NOT DONE - IT SHOULD HAVE BEEN. WE WILL EXERCISE THAT EFFORT IN THE FUTURE TO INSURE THERE BE NO REPETITION. ALL AGENTS ARE AWARE OF THE FACT THAT PHOTOGRAPHIC SPREADS MUST ^EBE SUFFICIENTLY COMPREHENSIVE TO INSURE ACCEPTABILITY BY THE COURTS. THIS IS BEING REITERATED IN A MEMORANDUM TO ALL AGENTS TODAY.

THE BUREAU CAN BE ASSURED THAT THE EFFORTS OF THE SAN FRANCISCO OFFICE, WHILE PRIMARILY DIRECTED TOWARD THE LOCATION

OF THE VICTIM AND SUBJECTS IN THIS CASE, ARE SECONDARILY
DIRECTED AT ESTABLISHING PRIMA FACIE CRIMINAL VIOLATIONS
DEVELOPING EVIDENCE WHICH WILL SUPPORT CRIMINAL PROSECUTIONS
IN FEDERAL COURT. THE ABUNDANCE OF SUCH HARD EVIDENCE DEVELOPED
THIS FAR IS TESTIMONY TO THAT FACT.

THE BUREAU'S COMMENTS ARE WELL TAKEN AND IF AT ANY

CONTRIBUTE TO THE EARLY SOLUTION OF THIS CASE, WE WOULD

At the Executives' Conference today the contents of my memorandum to Miller dated 5/8/74 wherein it was recommended that \$50,000 be authorized to an informant who could and would furnish the necessary information leading to the location, arrest and conviction of the subjects in this case came under discussion.

Mr. Callahan had indicated Mr. Kelley had expressed concern as to whether a \$50,000 offer to an informant for information regarding the location and apprehension of the subjects might be viewed as being in conflict with the \$50,000 public reward being offered by Randolph Hearst for the safe return of his daughter, Patty. Would the FBI be in an untenable position if an informant came to us with information relative to the subjects' location and, as a result of our action, Patty Hearst was killed?

Mr. Mintz said there was no inconsistency involved. He pointed out quite clearly that the FBI has a responsibility to do whatever is necessary in the fulfillment of its responsibilities and in this particular case, the fulfillment of our responsibilities is to locate and apprehend the subjects. If in so doing, someone is killed or injured, while unfortunate, it is part of our responsibility to have made the effort.

REC-88

7-15200-179 16 MAY 17 1974

I then pointed out to the group that there is nothing unusual in this instance in that we pay informants for information on a regular basis. The only unusual features are (1) the amount of money involved and (2) we have never had a situation where a victim's family has made an offer which could be in conflict with what we would offer an informant. I pointed out Mr. Mintz has resolved the second point and that all we had to do was resolve the first point.

Gebhardt to Miller Memorandum
RE: HEARNAP

I pointed out that there is no need to ever divulge how we ascertained the location of the subjects since the utilization of paid informants has been a law enforcement technique for many years. The subjects may be located (1) through the use of a computer printout; (2) a neighborhood investigation by our Agents; (3) a chance sighting by a San Francisco Police Department officer; (4) an anonymous phone call; (5) a disillusioned subject; or (6) an informant who would expect to be paid \$50,000. The means by which we ascertain the location of the subjects is of no concern to the public. Certainly the informant will not disclose his involvement and we will not disclose his involvement.

Mr. Adams raised the question as to what our position would be if an informant furnished us information concerning only two or three or four of the subjects but not all of them. Would the \$50,000 payment be authorized? My position was that this was a matter for discussion and that there was no pat statement in discussing the matter with an informant at this point. All we could say was that for \$50,000 we would expect information leading to the location, arrest and ~~and~~ of all the subjects involved in this case. If we only apprehended three subjects, such a situation would have to be discussed on an individual basis. It was pointed out we would certainly not give \$50,000 for one of the SLA members on the periphery. On the other hand, we may decide to give \$50,000 for the apprehension of Donald De Freeze, but the wording we would give to Bates would be that "the sum of \$50,000 is authorized as payment to any informant who could and would furnish the necessary information leading to the location, arrest and ~~and~~ of the subjects involved in the kidnaping and bank robbery case."

After a complete discussion of the matter, Mr. Kelley approved this amount of money and also pointed it might be necessary to raise the "ante." He stated clearly if the case is resolved through this means and some question is raised as to how we located the subjects, the answer should be that "the information regarding the location of the subjects was developed through our intensive investigative efforts." This would be completely true since the utilization of informants is an investigative technique and recognized as such.

The matter has been discussed with Assistant Director Cleveland and he suggested the only addition to the statement above is that it be "on a COD basis."

REQUEST OF FBI LABORATORY

FBI Laboratory should note that FBI San Francisco, in the drying-out process, attempted to piece together those items of paper scraps of similar consistency, etc., for immediate lead value, which was partially successful; these items are forwarded accordingly, wherever possible, within the same plastic containers--note that this is not completely accurate as to grouping, due to lack of training of field SAs involved and all portions should be considered completely interchangeable in assembling.

(1) Piece together the small portions of paper, to form what is believed to be letters, checkbooks, maps, directions for criminal acts, means of escape, etc. (Note this requested effort is believed to be critical in resolving and prosecuting this case.)

(a) When completed, photograph in as legible form as possible and immediately furnish to San Francisco and any other indicated field office. Consider, also, furnishing educated guesses as to missing portions, where indicated. Also attempt to "raise" blurred and illegible wording/maps, etc.

(2) Examine handwritten specimens developed, compare with known handwriting of this matter, SLA matters, and August 7th Guerrilla Movement matters previously available and retain, as appropriate, for future comparisons when further specimens are obtained and submitted.

(3) Attempt to determine the exact wording of the mostly illegible sales receipt (described in Item 103) and handle per 1a (above).

(4) Compare typing specimens with typewriter previously submitted to Lab which was seized incidental to recovery of instant items; if not identical, compare with other typing specimens submitted in this matter, SLA matters, and August 7th Guerrilla Movement matters previously submitted; retain for future comparisons, as indicated, of typing specimens which may be furnished in the future on these matters.

SF 7-855
KIM/sjc

(5) Assemble enclosed driver's license; attempt to determine writing on the back, and handle per 1a (above).

(6) Examine the enclosed cap (described in Item 140), especially inside for hairs, noting that this cap is believed to have been worn by MIZMOON SOLTYSIK in the instant SLA/HEARNAP bank robbery; determine probable origin, sex, hair coloring including any dying or tinting, for future comparison with hair specimens to be submitted upon arrest of SOLTYSIK; determine identity of any vegetable matter found inside the cap.

(7) Determine identity of vegetable matter contained in enclosed "baggie" (as described in Item 99).

(8) On the three enclosed books, handle writings on the pages as indicated in Items 44, 45, and 62, as per lead 2 and in accordance with 1a (above).

(9) Handle all material which is susceptible to latent prints carefully, and after appropriate examination by Lab, forward to Identification Division for latent print examination.

REQUEST OF IDENTIFICATION DIVISION

Process all submitted items for latent prints, including each scrap of paper; note that these items had to have been held by SLA members in the partial destruction process they consummated; compare latents developed with known prints on file in this matter, SLA matters, and August 7th Guerrilla Movement matters and retain for future comparisons wherein further prints of known subjects will be obtained and furnished.

Note that scraps of paper, etc., which have no future court-use significance may be destroyed by the Identification Division, after examination, if they possess no latent prints.

ARMED AND DANGEROUS.

Pursuant to investigation at 1627 Golden Gate Avenue, San Francisco, California, based on information that an abandoned residence of the Symbionese Liberation Army (SLA) had been discovered at that address, SA [REDACTED] proceeded to that location where he contacted MR. [REDACTED]. [REDACTED] advised SA [REDACTED] that he had removed a large quantity of thoroughly soaked material from the bathtub in Apartment 6, and had placed it in a garbage can, which garbage can was located on the west side of the apartment building in the closed alley-way.

MR. [REDACTED] directed SA [REDACTED] to the alley-way and pointed out the garbage can containing the soaked material which he had previously discussed, and he advised that it was in the same condition as that in which he had earlier placed it.

SA [REDACTED] assisted by SA [REDACTED] removed this wet material from the garbage can and transported it to FBI, San Francisco Office space, where the material (below listed) was spread out piece by piece to dry in a secured portion of FBI, San Francisco Office space. This recovery and spreading of the material occurred starting at approximately 8:00 PM on May 2, 1974.

On May 3, 1974, SA [REDACTED] brought to the secured space in FBI, San Francisco Office, a smaller quantity of material which he had obtained from the bathtub in the same apartment. The material furnished by SA [REDACTED] having come from the same bathtub and being of the same material, was taken into the custody of SA [REDACTED] and handled in exactly the same manner as the material previously obtained from the garbage can.

The following items were recovered:

Mr. C.M. Kelley,
F.B.I. Building,
Washington, D.C.

Dear Mr. Kelley:

Have all service stations on alert. You are probably getting heavy mail from many areas, and I do not wish to add to that task by writing obscure reports to you.

It is a habit of mine to read license plates, and I saw one Sat. morning that caught my attention on a late model two tone sedan, eastward. It had a light top with a dark body. The plate read [redacted] and three girls were in the car, with some dresses on clothes on the rack of the left side. As they turned into a station for gas, I glanced at the girl on the front right seat, and she could have passed for Nancy Perry, with a dark boyish hair cut that showed her ears. Because of the dark hair, her face seemed laid, and she had the nose of Miss Perry. They seemed to be prepared for a trip, as they were on a city highway.

This maybe just another false lead, but people must try to help the misguided youth of these times. They are certainly not free in the type of life they are following, and the only hope for changed lives is to be found and rehabilitated.

The license was issued for this state. It is not my purpose to embarrass or distress anyone, by unnecessary investigation. But Little Rock is almost the crossroads of the nation, and especially with vacation here.

I do not like
local calls.

In God we trust,

ANALYSIS OF SURVEILLANCE CAMERA PHOTOGRAPHS

The following analysis of the surveillance camera photographs taken during the robbery of the Hibernia Bank, 22nd and Noriega, San Francisco, California on April 15, 1974, was conducted by SA [REDACTED]

Photographs were taken by two cameras, designated camera A and camera B. Photographs taken by camera A show the tellers counter, bank lobby area, and east side of the bank entrance way. Photographs taken by camera B show the area around the safety deposit receptionist counter, the entrance to the bank manager's platform, and generally the west side of the entrance way of the bank. [REDACTED] of the Hermann Safe Company, 1699 Market Street, San Francisco, California, which services the Mosler cameras, used to take the below described photographs, has indicated that the cameras are set to take pictures at the rate of four frames per second. The lens aperture on both cameras is set at f5.6, and the shutter speed is set at 1/100 of a second. The film utilized in taking the below described photographs was Kodak 400 Surveillance Film (Improved), having an ASA rating of 400.

Computations of elapsed time are based on the rate of four frames per second, beginning at the time of activation of the camera. It should be realized that due to possible variation in the speed and possible errors in numbering prints, the elapsed times are provided only as an approximation. The set of photographs from camera B seemed to begin approximately 1/2 second before the photographs from camera A, so that frame A16, for example, depicts the same action as frame B18.

The cameras were activated by bank manager [REDACTED], who was upstairs at the time of the robbery and activated the cameras and the alarm after hearing shouting down below and looking through a one-way mirror window, observing two females standing in the lobby with rifles or machine guns.

Result of examination:

A definite conclusion was not reached whether the unidentified questioned writing on items previously submitted in this case or in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" was prepared by EMILY HARRIS, based upon her additional purported writing on K37, due to the lack of sufficiently comparable writing and the presence of unexplained variations.

K37, which has been photographed, is being returned separately.

RE: EMILY MONTAGUE HARRIS

Enclosed for the Laboratory is the original of a visitors pass completed by EMILY HARRIS when she visited BARRON BROADNAX, #B-34157 at the California Men's Colony, San Luis Obispo, California, 12/15/73.

The enclosure was made available by SA [REDACTED], Bureau of Investigation, Department of Justice, State of California, 350 McAllister Street, San Francisco on 4/23/74 and he requested it be returned to him upon completion of the examination. [REDACTED] advised prison records disclose [REDACTED] was visited on 12/15/73 by [REDACTED] San Francisco and by EMILY HARRIS, 434-41st Street, Oakland, California. Investigation has determined [REDACTED] is identical with [REDACTED] is currently on parole as a result of a conviction on a narcotics charge in 1968. [REDACTED] advised it is a felony in California for an individual on parole using an assumed name to visit an inmate of the California Prison System. [REDACTED] advised [REDACTED] has obtained a California drivers license under the name [REDACTED] and a local misdemeanor warrant has been issued for [REDACTED] as a result of his obtaining a drivers license under the false name. [REDACTED] is currently in the process of obtaining a felony arrest warrant for [REDACTED] as a result of his visit to [REDACTED] on 12/15/73.

[REDACTED] advised the visitors slip filed by [REDACTED] was processed locally for latents, however, none of the latents developed were identified as [REDACTED]

It is noted EMILY HARRIS and [REDACTED] both arrived to visit [REDACTED] at 9 a.m., 12/15/73, their visitors passes were numbered consecutively and the passes indicated they shared locker #25 for storing their personal possessions during the visit.

Review of San Francisco file #100-76064 on EMILY HARRIS reveals there are no fingerprint records available for her. Referenced Chicago airtel indicated HARRIS taught school in Bloomington, Indiana after her graduation from Indiana University at Bloomington.

For information of the Bureau, ^{AND} in Indianapolis [REDACTED] is currently driving a [REDACTED] formerly driven by PATRICIA SOLTYSIK, aka MIZMOON SOLTYSIK, suspect in HEARNAP case and Bureau fugitive resulting from bank robbery committed by Symbionese Liberation Army (SLA) on 4/15/74 in San Francisco. Result of examination:

Q1003

The carbon paper in Q1003 bears a price tag reading
4 BX Longs .37".

Observed in five of the sheets of carbon paper was
typewriting corresponding to the text of the typewriting
on Q163 through Q171, Q178 and Q183, previously submitted
in this case; however, due to overtyping on these sheets of
carbon paper, the entire text of the typewriting thereon
could not be determined.

Two of the sheets of carbon paper in Q1003 contain
typewriting consisting of apparent poetry and were not
associated with the text of any items previously submitted
in this case, case captioned "SYMBIONESE LIBERATION ARMY (SLA)
EXTREMIST MATTERS" or case captioned "AUGUST SEVENTH GUERRILLA
MOVEMENT (ASGM) EXTREMIST MATTERS".

Photographs of the submitted sheets of carbon paper
are enclosed for the assistance of the San Francisco Office.

Q1004

One piece of the Q1004 papers bears indented writing
which appears to read "99" with the notation "Three 151"
under it. A side lighting photograph of this indented writing
is enclosed for the San Francisco Office. One of the sheets
of the Q1004 papers bears a partial watermark corresponding
to the watermark "NEENAH BOND 25% COTTON FIBER," which
is registered to the Neenah Paper Company, Neenah, Wisconsin.
The remaining piece of the Q1004 paper bears indistinguishable
apparent carbon impressions.

Q1005

The Q1005 piece of paper bears indented typewriting. This indented typewriting is similar in text, but not exactly the same as the typewriting on Q163, previously submitted in this case. A photograph of this indented typewriting, clearly readable, is also attached for the San Francisco Office.

Q1006

The Q1006 piece of paper bears apparent indistinguishable carbon impressions.

Q1007 - Q1010

The conclusion was reached that the written notation on Q1009 was prepared by NANCY LING PERRY, purported writer of Kc4, K10, K13, K22 and K31, previously submitted in this case, and K4, K7 and Kc11 in the SYMBIONESE LIBERATION ARMY case.

A definite conclusion was not reached whether the remaining questioned writing on the items submitted was prepared by any of the writers of the unidentified questioned writing, the known writing or purported known writing on items previously submitted in this case, the SYMBIONESE LIBERATION ARMY case or the AUGUST SEVENTH GUERRILLA MOVEMENT case. However, similarities were observed in comparing the written notation on Q1007 with available writing of NANCY LING PERRY, mentioned above.

The Q1007 through Q1010 envelopes are similar in observable characteristics to the manila envelopes Q45, Q48, Q63 and Q172, previously submitted in this case.

Some indented written notations were observed on the Q1007 through Q1010 envelopes. However, this indented writing is too indistinct to read. Photographs of this indented writing are enclosed for the assistance of the San Francisco Office.

Q1054

The questioned typewriting on Q20 through Q23, Q32 through Q39, Q163 through Q171, Q178 through Q181, Q183 and Q991, previously submitted in this case, and

the questioned typewriting on Q29, previously submitted by the Acting Chief of Police, Oakland, California, in the SYMBIONESE LIBERATION ARMY case are the same style of type and bear characteristics in common with samples made from the Q1054 typewriter, which indicates that the Q1054 typewriter may have been used in the preparation of this questioned typewriting; although, due to the lack of a sufficient number of individual identifying characteristics, a definite conclusion was not reached.

The questioned typewriting on Q147, previously submitted in this case, on Q28, previously submitted in the SYMBIONESE LIBERATION ARMY case, and on Q16 and Q17, previously submitted in the AUGUST SEVENTH GUERRILLA MOVEMENT case, is a similar style of type to the typewriting samples made from Q1054; however, due to the indistinct nature of the previously submitted copies and the lack of a sufficient number of individual identifying characteristics, a definite conclusion was not reached whether this questioned typewriting was prepared by the Q1054 typewriter.

The typewriter ribbon on Q1054 contains too much overstriking of characters to determine the text of the typewriting thereon.

A white sheet of paper was found in the typewriter case to Q1054. This sheet of paper bears the watermark "HEENAH BOND 25% COTTON FIBER," registered to the Heenah Paper Company, Heenah, Wisconsin.

Debris was recovered from the Q1054 typewriter and typewriter case. This debris is being examined and will be reported on separately.

The submitted evidence is being returned separately with results of the firearms, microscopic analysis and fingerprint examinations. Appropriate photographs were made.

Enclosed for the Bureau is the enclosure submitted with reairtel.

Polaroid Corporation advised, using date of the photograph 4/12/74 as a reference, Polaroid's examination reveals photograph was taken a minimum of 12 to 14 days prior. The maximum time could be 30 days prior. Assuming photograph was maintained continually at normal room temperatures, a fairly safe assumption is that photograph was taken 22 to 25 days prior to 4/12/74.

There were prior photographs taken in the film pack utilized in the taking of the enclosed photograph. The writing which appears on top of the photograph "Tania 1974" was written several days after the photograph was taken.

Because much of the identifying data has been removed, it was not possible to identify the area of distribution for the sale of the film.

For the information of the FBI Laboratory, Polaroid Corporation advised the sooner such photographs are submitted for examination, the more accurate conclusions can be drawn, particularly as to the age of the photograph. The techniques employed by Polaroid to establish such information can be made available to the Bureau if such is desired. Should Laboratory Examiners desire to pursue this area of scientific investigation, Boston should be so advised. The technique apparently is relatively simple for individuals with the appropriate scientific background and the necessary equipment is not difficult to obtain.

As an added item of interest, Polaroid Corporation advised when photographs are taken with a flash attachment, if the eyes of the subject are clear, it is sometimes possible to blow up the photograph 50 or 60 times and obtain a reflection from the eye of the subject which will contain the image of the individual taking the photograph. Polaroid Corporation is also willing to discuss this technique with FBI Examiners.

RE: GRAND JURY PROCEEDINGS:

US ATTORNEY JAMES BROWNING ADVISED THAT CYNTHIA GARVEY AND PAUL HALVERSON ARE TO APPEAR BEFORE USDJ ZIRPOLI, MAY 16, 1974. BROWNING ANTICIPATES THAT JUDGE WILL SENTENCE THEM TO PRISON UNTIL SUCH TIME AS THEY CLEAR THEMSELVES OF CONTEMPT BECAUSE OF THEIR REFUSAL TO TESTIFY BEFORE FEDERAL GRAND JURY (FGJ) AFTER HAVING BEEN IMMUNIZED. HE FURTHER ADVISED THAT ALTHOUGH HE ANTICIPATES THAT JOYCE HALVERSON, WHO HAS BEEN GRANTED IMMUNITY, WILL NOT TESTIFY BEFORE THE FGJ, HE DOES NOT ANTICIPATE HAVING HER CITED FOR CONTEMPT AND JAILED SINCE HE FEARS THAT THIS WOULD UNDULY AROUSE THE LIBERAL ELEMENT DUE TO THE FACT SHE HAS A SMALL CHILD.

PRIOR TO THE HEARING OF CYNTHIA GARVEY AND PAUL HALVERSON, SOME FIFTY PEOPLE DEMONSTRATED PEACEFULLY IN FRONT OF THE SAN FRANCISCO FEDERAL BUILDING PROTESTING THE GRAND JURY HEARING EVIDENCE CONCERNING THE HEARST KIDNAPING AND THE CONTEMPT PROCEEDINGS. [REDACTED]

END OF PAGE THREE

PAGE FOUR

[REDACTED] STATE THE DEMONSTRATION WAS TO BE SPONSORED BY THE VIETNAM VETERANS AGAINST THE WAR (VVAV) AND THE UNITED PRISONERS UNION (UPU). AGENTS OBSERVED SEVERAL MEMBERS OF THE UPU AND FORMER MEMBERS OF THE VENCEREMOS ORGANIZATION AMONG THE DEMONSTRATORS. DEMONSTRATION LASTED ONLY THIRTY MINUTES.

THAT THE PERSON OR PERSONS USING THE 1974 HORNET (BANK ROBBERY

For the information of the FBI Laboratory, prime suspects in the HEARNAP matter and the victim PATRICIA HEARST were participants in the bank robbery of the Hibernia Bank, Sunset Office, 1450 Noriega Street, San Francisco. Two vehicles, a 1973 Ford station wagon and a 1974 red AMC Hornet Sportabout, were utilized as getaway vehicles, subsequently abandoned about ten blocks away from the bank, recovered, searched and processed for latent evidence. Materials obtained from search previously submitted for examination by FBI Laboratory. At time of abandonment of above vehicles, prime suspects and victim PATRICIA HEARST utilized switch cars, a 1973 Ford LTD sedan and a 1974 Ford Maverick, which were recovered on 4/24/74, in parking garage in San Francisco. Accompanying this letter by airmail register under a separate cover are the following items that were obtained during a search of a 1974 Ford Maverick bearing California License 794 KIB.

At about 4:10 pm yesterday afternoon a male and a female were detained at a sporting goods store located in Inglewood when the male was detected in an apparent act of shoplifting. The male and the female became engaged in a scuffle with employees of the store. Shots were fired during this scuffle. The male has been tentatively identified as William Taylor Harris, alleged SLA member. He was disarmed while in the act of drawing a .38 caliber Colt pistol.

Inquiry determined that this weapon was purchased by Emily Harris on October 13, 1973. Emily Harris is the wife of William Harris. William Harris is described as a white male 29 years of age, 5' 7", 145 pounds with hazel eyes and brown hair. His wife, Emily Harris, is described as a white female

ENCLOSURE

27 years of age, 5'3", 103 pounds, with blue eyes and blonde hair. She wears glasses.

A 1972 Volkswagen van, red and white in color, was spotted in the area. The male and female eventually left the area in the van. This van has been recovered and evidence located inside indicates individuals in custody of this van may have resided in the Inglewood, Hawthorne, and South Central Los Angeles area for the past several days.

The male and female eventually escaped the area where the sporting goods store is located and information indicates they may have departed the general area in a 1963 light blue Chevrolet Nova station wagon, bearing California license GOX 575. Prior to the theft of this station wagon unidentified individuals made threatening comments and stated they were SLA members.

The following is a composite description of the male who entered the sporting goods store, tentatively identified as William Taylor Harris, white male, 5'7"-5'9", 25-27; 150-170 pounds; dark long hair; small frame, but strong; medium heavy beard; moustache; wearing sunglasses; brown trousers;

possibly red and black jacket; possibly wearing collapsible

hat.

Following is a composite description of the white female who entered the sporting goods store: white female; 23-24; 5'4"-5'5"; curly brown hair-windblown; 110-120; thin build; wearing sunglasses; dark pants; light colored three quarter coat with white scarf around her neck.

All persons associated with the event should be considered armed and dangerous in view of the activity that took place in the area of the sporting goods store. Any information concerning the Volkswagen van, the station wagon, or anyone who saw activity that took place in the area of the sporting goods store is requested to call the FBI, 477-6565, or the Inglewood PD. Take no action. Any information will be kept in strict confidence.

The above was furnished under the authority of William A. Sullivan, Assistant Director in Charge of the Los Angeles Division.

Re: Robbery of Hibernia Bank, Sunset Office,
San Francisco, California, 4/15/74:

Enclosed for the Photographic Section of the Lab
are two (2) 150 foot rolls of 35mm negatives.

These two negatives are duplicate negatives of
film taken from two surveillance cameras during the armed
robbery of the above-mentioned bank. During the robbery,
two individuals, one of whom was entirely off camera, were
shot in the interior of the bank.

A review of photographs developed at San Francisco
would indicate that the men were possibly shot by NANCY GAIL
LING, the young lady with dark coat, automatic weapon, and
wearing a paisley blouse. It is noted that during the action,
cartridge cases apparently can be observed on a bench near
her; however, the male among the principals, DONALD DE FREEZE,
also has his weapon pointed toward the door at the same time.

The Photographic Section of the Lab is requested
to carefully review these negatives and make a representative
number of blow-ups that would be suitable for presentation
at trial that would cover all the principals and all the
pertinent activity noted on the film.

There has been some discussion in local papers
that PATRICIA HEARST, the young lady who takes up position
in the middle of the bank wearing a long dark wig with an

Result of examination:

The Q1011 and Q1012 pieces of rope are different in composition, construction and diameter from the previously submitted pieces of rope (specimens Q3 and Q4, PC-K5225 PV JA PR). One end of each piece of rope in Q1011 and Q1012 has a loop formed with a single bowline. The loops in Q3 and Q4 were formed by bending the end of the rope back and lashing it in place. The ends of three pieces of rope in Q1011 and the three pieces in Q1012 have been lashed with white cord. Specimen Q4 and one piece of rope in Q3 were lashed with brown cord. The other piece of cord in Q3 was lashed with black cord. The lengths of the pieces of rope in Q1011 and Q1012 range from about 6' to 10' and all are about 1/4" in diameter. The purpose for which Q1011 and Q1012 was intended is not known.

Deposits of black spray enamel noted on specimens Q1011 and Q1012 lack sufficient identifying characteristics to specifically associate this enamel with a particular source or origin. The black spray enamel deposits on the rubber bands of one piece of rope in Q1011 and of two pieces of rope in Q1012 are suitable for limited comparison purposes should a suspect source be located.

Debris from the Q1054 typewriter and from the typewriter case included blond and brown Caucasian head hairs, a dark brown Negroid head hair, black hairs and white hairs of cat origin and fibers of various types and colors.

The space bar of the typewriter has been replaced with a piece of softwood which measures 1/4" x 3/4" x 7 3/16". Several shavings of similar wood were found in the typewriter and in the typewriter case.

During interview with Bureau Agents at Cleveland, Ohio, on May 14, 1974, [REDACTED] supplied enclosed copy of his plan to infiltrate the SLA and free PATTY HEARST. [REDACTED] was advised in no uncertain terms by Bureau Agents that the FBI did not approve of such a plan and that [REDACTED] was advised that he should not enter into any plan which would impede the FBI investigation into the HEARST matter. It was also made clear to him that his plan would be in violation of Federal Statutes and that he could be prosecuted if any phase of his plan were employed which would break the law.

[REDACTED] advised upon completion of interview that he did not intend to go through with his plan and that his only concern for contacting the FBI was to attempt to obtain approval, which he now understood was denied. He stated that his only concern was monetary and that he thought that he could be of service to the FBI.

After MIZMOON graduated from high school in the Summer of 1968 she visited Mexico City, Mexico, traveling alone for several weeks as a tourist. In the Summer of 1970 she spent one week on a trip into Mexico as a tourist traveling with her mother.

During the Summer 1969 after MIZMOON finished her freshman year at the University of California at Berkeley, she traveled alone to Belgium to visit her grandmother there. During that same summer she also visited other European countries and he believed that she met some college acquaintances and joined them in touring Europe. He said she has not been out of the United States since 1969, nor at other times except on the above occasions.

The girl appeared to be a white female, in her early 20s, 5'6" tall, 115-120 pounds, with shoulder length hair which appeared to be dark brown with a red tint. She was staying at the hotel with a Negro male, approximately 20 to 30 years old, 5'6", 150-160 pounds, slim build, black hair and a slight Afro, brown eyes, and spoke to the Haitians using the term "brother". SAC Schutz, San Francisco, just advised that James Mayfield did appear on a late television news show May 14, 1974. He was interviewed in a driveway very briefly, was arrogant to the press, even refused to furnish his address, and really did not receive much coverage.

This morning's "San Francisco Chronicle" does not contain any reference to Mayfield's brief television coverage. It appears the above news clip was of no significance or of any impact. It is, of course, possible that press interest might be generated as a result.

Copies of Items 1, 2, and 3 are attached herewith. The originals of these items are being enclosed for the Bureau for laboratory examination.

The Laboratory is requested to conduct an examination of the typing which appears on Items 1 through 3 in order to determine the make of typewriter or typewriters used. The Laboratory is also requested to compare this typing with other typewritten messages that may have been received in the HEARNAP investigation.

The Laboratory is also requested to conduct latent fingerprint examination specifically in the area of the stamps on Item 3. In view of the fact that this envelope was used to transmit Items 1 and 2, it has apparently been handled by too many persons to obtain any fingerprints from any other area; however, the air mail stamps might have been pressed firmly on by the sender and fingerprints may remain.

For the information of the Bureau, the Laboratory, and San Francisco, Items 1, 2 and 3 were handled by most of the employees connected with the Shreveport Journal prior to sending them to the Shreveport Resident Agency. It is therefore felt that processing of these items for fingerprints would be futile.

It appears that the Shreveport Journal newspaper article entitled "If the Guerrillas Unite" was copied by the individual identifying himself as Group Leader Hong, after which he crossed out the word "If" and substituted "WHEN" in its place. The article was then forwarded by letter dated 4-15-74 to the Editor of the Shreveport Journal. It appears that this transmitting letter was copied on a larger sheet of paper, after which the date "15 April, 1974" and the salutation "Editor, Shreveport Journal:" was typed in.

Houston has been able to develop no information concerning the identity of Group Leader Hong based on indices search and contact with informants. There is no known Symbionese Liberation Army elements operating in the vicinity of Houston; however, it is noted that the dual captioned case "HEARNAP", "UNSUB; Threat to Assassinate Government Officials, Houston, Texas; Oklahoma; and Michigan, 4-4-74, EM-SLA", Houston file 157-3432, sets forth information relative to the receipt of a cassette tape recording on 4-5-74 by Radio Station KTRH.

HO 157-3453

Houston, which tape recording ostensibly was sent by an individual connected with the Symbionese Liberation Army and threatened to kill unnamed government officials.

As a result of our investigation in Los Angeles the following individuals associated with the Symbionese Liberation Army (SLA) have been identified. William Taylor Harris has been identified through appropriate photographic spread by two employees of Mel's Sporting Goods and an employee at the Boston store. Harris' wife, Emily, whose presence in the Van was ascertained by use of the dogs and also the revolver recovered at the scene was purchased by her.

It is noted that in addition to the Federal process outstanding for DeFreeze, Wheeler, Perry, Soltysik, Hall, and the Material Witness warrant for Patricia Campbell Hearst local process has been obtained on the Harrises, Angela Atwood, and Willie Wolfe. This California felony charge is regarding Perjury and Falsification of Motor Vehicle records.

It has already been suggested to the Los Angeles Office that they contact television stations and enlist their support in providing saturation coverage of our Fugitives' photographs.

Our Los Angeles Office has just advised that teenager Tom Dean Matthews had just returned to his residence in Lynwood, California, driving his 1969 dark blue Ford Van. Tom indicated that he had been accosted, blindfolded, and driven to an area believed to be in Northwest Los Angeles. Tom is currently being interviewed and details will be forthcoming as soon as possible. He was not injured.

SAC Henry A. Schutz, Jr., at 12:12 a.m., 5/17/74, telephonically advised as follows:

On 5/16/74, at 4:40 p.m., Pacific Standard Time (PST), a male and female entered a hardware store in Inglewood, California, (Los Angeles County), purchased \$31 worth of merchandise and in departing, the male shoplifted a pair of socks. The proprietor observed this, followed and accosted them, and with the help of store clerks, attempted to subdue the two individuals. At that point, an unknown individual opened fire with an automatic weapon from outside a Volkswagen (VW) van parked across the street. Male and female ran to the VW, took off, were pursued and subsequently abandoned VW, commandeered a Pontiac and later a Chevrolet station-wagon. All Points Bulletins are out around Los Angeles; Agents on scene. VW has been examined and it contained large quantity of groceries and some new clothing, specifically Levis.

A Detective Colt Special revolver was located at scene and San Francisco Office (SFO) determined it was purchased by SLA subject Emily Harris on 10/13/73. Los Angeles Office (LAO) identified William Harris, Emily's husband, as having made a purchase the previous day in the same store.

SFO is currently checking on VW; the VW was apparently sold to a black male and female around the 6th or 7th of May using the name Ricky Delgado with a fictitious address.

SAC Schutz advised that they have chartered an aircraft and are flying dogs, handler, and a SFO Agent to Los Angeles as "Operation Sniff;" two other SFO Agents familiar with all aspects of HEARNAP case are also en route to Los Angeles to arrive at 10:00 p.m., PST, 5/16/74. SAC Schutz also advised that the news media is beginning to make some inquiries of our LAO.

Memorandum to Mr. Gebhardt
RE: HEARNAP

Special Agent (SA) [REDACTED] Night Supervisor, LAO, was subsequently contacted and advised that above incident occurred at Mel's Sporting Goods Store, that all subjects were white with a white female sitting in VW. Apparently one of the bandits in the store using submachine gun fired about 70 rounds around the store. Departing in the VW, they headed toward the Los Angeles Airport, stopped a 1970 Pontiac Lemans, took the female driver from the car and told her they wanted the car, that they were with the SLA, and that they were going to kill some people. After the three departed in the Pontiac, they later ran another woman in a 1965 Chevrolet off the road, took it and headed to Inglewood where the local authorities attempted unsuccessfully to locate and apprehend them in rush-hour traffic. SA [REDACTED] advised that early identifications indicate that apparently Emily and William Harris were in the store and a girl identified as being in her 20s with long auburn colored hair, mole on cheek, who looked like Patty Hearst was in the VW. SA [REDACTED] also advised that in the VW was a citizens band radio that had been purchased the afternoon of 5/16/74, at a K-Mart store and a mass of food purchased from Thrifty Mart along with Levis purchased also the afternoon of 5/16/74. People at the store where the Levis were purchased identified Emily and William Harris as the clothing purchasers.

LAO determined from Department of Motor Vehicles that the VW bearing paper or temporary plates came from the San Francisco area and the vehicle had recently been ticketed in Inglewood. As a result, telephone company, gas, power and light companies were being contacted to determine occupants of residence where VW registered. All cars involved have been impounded and are being processed. Interviews are being conducted with people who sold goods to those involved in shooting; merchandise purchases being checked out and all logical investigation is being pursued in an expedite manner.

ADIC and SAC, Criminal Section, LAO, are supervising on-the-scene investigation.

SA [REDACTED] advised that teletype containing full details of above would be furnished Bureau as soon as possible.

SAC Schutz telephonically requested at 2:00 a.m. services of a Bureau artist since it has been determined that the VW had been purchased from a car dealer in the San Francisco area on 5/6/74, and although no photographic identification could be made by the dealer, it appeared that the individual was considered as an excellent witness. Arrangements were perfected with Inspector [REDACTED] Exhibits Section, for artist [REDACTED] to depart for San Francisco via Trans World Airlines Flight 67 arriving San Francisco 11:18 a.m., 5/17/74. SFO was notified to meet [REDACTED]

Los Angeles Office subsequently advised that as the male and female exited the store a wrestling match ensued, the unknown male was handcuffed on one arm and with his free arm he attempted to draw the revolver and was disarmed by the store personnel. From across the street what was believed to be a female opened fire with four bursts from a submachine gun. No shots were fired in the store as previously believed.

A check with the San Francisco Office and the Hearst file fails to reveal any reference to Ricky Delgado, aka, Richie Delgado.

Utility companies were being contacted until it was positively determined that the registered address of Delgado was fictitious.

In connection with the Volkswagen utilized by the subjects in Los Angeles, Los Angeles has advised that they had ascertained an address at which the Volkswagen was located because of the issuance of a traffic ticket. Investigation is being concentrated in that area.

5/17/74

At about 4:10 p.m. yesterday afternoon, a male and a female were detained at a sporting goods store located in Inglewood when the male was detected in an apparent act of shoplifting. The male and female became engaged in a scuffle with employees of the store. Shots were fired during the scuffle. The male has been tentatively identified as William Taylor Harris, alleged SLA member. He was disarmed while in the act of drawing a .38 caliber Colt pistol. Inquiry determined that this weapon was purchased by Emily Harris on October 13, 1973. Emily Harris is the wife of William Harris. William is described as a white male, 29 years of age, 5'7", 145 lbs. with hazel eyes and brown hair. His wife, Emily, is described as a white female, 27 years of age, 5'3", 108 lbs. with blue eyes and blond hair. She wears glasses. A 1972 Volkswagen van, red and white in color, was spotted in the area. The male and female eventually left the area in the van. This van has been recovered and evidence located inside indicates individuals in custody of this van may have resided in the Inglewood, Hawthorne and South Central Los Angeles area for the past several days. The male and female eventually escaped the area where the sporting goods store is located and information indicates they may have departed the general area in a 1963 light blue Chevrolet Nova station wagon bearing California license GOE 575. Prior to the theft of this station wagon, unidentified individuals made

threatening comments and stated they were SLA members. The following is a composite description of the male who entered the sporting goods store, tentatively identified as William Taylor Harris: white male, 5'7" to 5'9", 25 to 27 years of age, 150 to 170 lbs., dark, long hair, small frame but strong, medium heavy beard, moustache, wearing sunglasses, brown trousers, possibly red and black jacket and possibly wearing a collapsible hat. The following is a composite description of the white female who entered Mel's Sporting Goods Store: white female, 23 to 24 years of age, 5'4" to 5'5", curly brown hair, windblown, 110-120 lbs., thin build, wearing sunglasses, dark pants, light-colored 3/4 coat with white scarf around her neck.

All persons associated with the event should be considered armed and dangerous in view of the activity that took place in the area of the sporting goods store. Any information concerning the Volkswagen van, the station wagon or anyone who saw activity that took place in the area of the sporting goods store is requested to call the FBI, 477-6565, or the Inglewood Police Department. Take no other action. Any information will be kept in strict confidence.

HEARNAP

Attached are the details furnished by the Los Angeles Office of the incident which occurred in Inglewood, California, on 5/16/74 wherein Symbionese Liberation Army (SLA) members were involved in a shooting incident.

It is noted that there is a discrepancy in the eyewitness accounts of the participants; namely, 2 white males and 1 white female observed by Shepard while witness Pierre describes 1 white male and 1 white female and witness Patin who Los Angeles Office believes is best witness states 2 white females and 1 white male were observed by him.

We have discussed these discrepancies with the Los Angeles Office and these are the accurate accounts as reported by the witnesses.

Los Angeles just advised that on 5/16/74 between 5:30 and 6:00 pm, a woman knocked at the door of the Matthews residence in Lynwood, California, a suburb of Los Angeles. Tom Dean Matthews, a teenager, had a 1969 dark blue Ford Van parked in front of the residence with a "for sale" sign. Tom Matthews took the woman to see the Van. This morning his father noted Tom was missing as was the Ford Van. Located in the immediate vicinity of the Matthews' residence was the 1963 Nova Station Wagon stolen from Patin 5/16/74. Los Angeles vigorously pursuing this lead.

SHEPARD, BELIEVING MALE HAD SHOPLIFTED, ALERTED OTHER STORE EMPLOYEES. SHEPARD, WHO IS A POLICE SCIENCE MAJOR ATTENDING NEARBY COLLEGE, OBTAINED A PAIR OF PEERLESS HANDCUFFS, SERIAL NUMBER 568605, AND A .38 CALIBER PISTOL TO PREPARE TO CONFRONT MALE. AFTER COMPLETION OF PURCHASE AND AS THE COUPLE EXITED THE STORE, SHEPARD APPROACHED THEM. HE MANAGED TO PUT ONE HANDCUFF ON THE LEFT WRIST OF THE MALE. THE VAN STOPPED AND THREE PEOPLE EMERGED, TWO MALES AND ONE FEMALE, AFTER WHICH THEY COMMANDEERED A BLACK AND YELLOW AUTOMOBILE. SHEPARD OBSERVED ONE OF THE MALES TO BE CARRYING A MACHINE GUN. THE MAN CARRYING THE MACHINE GUN WALKED TOWARD SHEPARD AND SHEPARD BACKED HIS CAR BEHIND A TRUCK. AFTER A FEW MOMENTS, HE OBSERVED THAT THE YELLOW AND BLACK CAR WAS GONE. This will confirm telephonic discussion between Special Agent [REDACTED] Intelligence Division, Federal Bureau of Investigation, and Departmental Attorney Guy Goodwin of your General Crimes Section on May 9, 1974.

That discussion involved this Bureau's concurrence with the Department's issuance of instructions to the United States Attorney in San Francisco relative to a possible court appearance by Special Agent Curtis J. Jimeron on May 14, 1974, at which a ruling is to be made on the relevance of electronic surveillances in connection with the February 7, 1974, local arrest of Robert Hood, a member of the Vietnam Veterans Against the War group.

Departmental instructions in this instance were to have the United States Attorney advise the court of Special Agent Jimeron's refusal to testify per instructions of the Attorney General.

The Symbionese Liberation Army (SLA) is a multiracial, revolutionary group claiming credit for the 2/4/74 kidnaping of Patricia Hearst. Robert Hood, a member of the Vietnam Veterans Against the War (VVAW) group in San Francisco and an associate of SLA personnel, was arrested by local police, 2/7/74, on a charge of assaulting a police officer. On 4/29/74, a subpoena was served on SA Jimeron by Hood's attorney claiming existence of unlawful electronic surveillances against Hood, the attorney and a number of their associates at various locations in the San Francisco area during the period 1/10/74 to present. The subpoena calls for all records, logs, transcripts, tapes or other indicia of electronic surveillances on the above-mentioned persons and places. San Francisco previously advised that individuals and locations identified in the subpoena have not been subjects of electronic surveillances by that office.

NOTE CONTINUED:

The Assistant U. S. Attorney (AUSA) in San Francisco has failed in attempts to quash the subpoena, and Agent Jimerson appeared in the Alameda County Superior Court, 5/8/74, at which time a hearing was held and arguments presented regarding the relevance of electronic surveillances in connection with the local arrest of Hood. A ruling in this matter was scheduled 5/14/74 and SA Jimerson was ordered to be available for recall if the judge ruled the electronic surveillance matter to be relevant. Departmental Attorney Guy Goodwin, who has been furnished copies of pertinent correspondence in this matter, in telephonic discussion 5/9/74, indicated the AUSA in San Francisco should be in possession of instructions from the Attorney General refusing Agent's testimony in the event the AUSA is not able to quash the subpoena and the Agent is called to court. By memorandum dated 5/10/74 (attached), concurrence in this action was given by the Deputy Associate Director Edward S. Miller. Concurrence being confirmed in writing to the Department.

ADDENDUM: San Francisco, by teletype dated 5/15/74, reported SA Jimerson, in company of the AUSA, appeared in court on 5/16/74. The AUSA advised court, on instructions of the Attorney General, Agent declined testimony in this matter. SA Jimerson was excused. San Francisco will advise of any further developments. Information concerning the court appearance on 5/15/74 by SA Jimerson has been furnished to the Department separately.

Purpose of this memorandum is to recommend concurrence to proposed Departmental action in not allowing testimony by a San Francisco Agent in a local case relative to electronic surveillance activity by the Bureau.

SLA is a multiracial revolutionary group which has been involved in violent activities including murder, bank robbery, and the kidnapping of Patricia Hearst.

You have been previously advised of receipt of a subpoena 4/29/74 by Special Agent (SA) Curtis Jimerson of the San Francisco Office in connection with a local court action resulting from the 2/7/74 arrest of Robert Hood, a member of the Vietnam Veterans Against the War, on a charge of assaulting a police officer. Hood, an associate of SLA personnel, and his attorney, claim existence of unlawful electronic surveillances against them and a number of their associates at various locations in the San Francisco area during the period 1/10/74 to present.

Subpoena orders production of all records, logs, transcripts, tapes, or other indicia of electronic surveillances on the above-mentioned persons and places. San Francisco has advised Hood and other individuals and locations mentioned in the subpoena have not been subjects of electronic surveillance coverage by that office.

Assistant U. S. Attorney, San Francisco, has thus far failed in attempts to quash the subpoena and on 5/8/74 Agent Jimerson and the Assistant U. S. Attorney appeared in Alameda County Superior Court, at which time a hearing of this matter was held and arguments

presented by the defense and prosecution regarding the relevance of electronic surveillances in connection with the local arrest of Hood. Judge took arguments under advisement and will make a ruling on 5/14/74. SA Jimerson has been ordered to be available by telephone that date for recall to court if the judge rules the matter of electronic surveillances in this matter is relevant.

Departmental Attorney Guy Goodwin, in discussion with SA [REDACTED] on this matter on 5/9/74, advised the Assistant U. S. Attorney will continue efforts to quash the subpoena but in the event he is unsuccessful and the Agent is called to appear, the Department feels testimony should not be given. Goodwin advised that with Bureau concurrence, the Department will direct a wire to the Assistant U. S. Attorney in San Francisco to be forwarded to the court in which testimony by Agent Jimerson is refused on instructions of the Attorney General.

This has been coordinated with the Office of Legal Counsel.

ACTION: It is recommended the Bureau concur with action as recommended by the Department and Mr. Goodwin be advised accordingly, to be confirmed in writing.

GENERAL INVESTIGATIVE DIVISION

Tom Dean Matthews, who was kidnaped on 5/16/74, from his residence in Lynwood, California, by Emily Harris and others following the shoplifting incident at Mel's Sporting Goods Store in Inglewood, California, was reinterviewed by Los Angeles Agents on 5/18/74. This teletype sets forth results of that interview. Matthews identifies Patricia Hearst and William Harris as the other two participants in his kidnaping. Hearst was introduced to him as "Tania." She told him she had been an unwilling kidnap victim but had learned to accept the SLA ways. She admitted to him that she had been a willing participant in the San Francisco bank robbery and she was the one who fired the shots into Mel's Sporting Goods Store to aid the escape of her comrades. Matthews observed her loading an automatic rifle while he was being held captive. Matthews has been given a polygraph examination which indicates he was with Patricia Hearst or was with someone he honestly believes to be her. He has additionally picked out Patricia Hearst's voice from a tape recording of five white female voices. In an effort to explain why he had not furnished complete information on 5/17/74, during his initial interview, Matthews indicated he sympathized with Patricia Hearst and did not feel her presence was important. He said he was confused at that time.

APPROXIMATELY THIRTY MILES AND UPON THE URGING OF HIS BROTHER, PERSONALLY REPORTED THE INCIDENT TO LYNWOOD POLICE DEPARTMENT.

AN APPROPRIATE SPREAD OF PHOTOGRAPHS WAS DISPLAYED TO MATTHEWS IMMEDIATELY AFTER HIS ARRIVAL AT LYNWOOD POLICE DEPARTMENT. SAS [REDACTED] PARTICIPATED IN THE INTERVIEW OF MATTHEWS WITH THE LYNWOOD POLICE DEPARTMENT, COMMENCING AT 8:45 A.M., MAY 17, 1974. NOT WITHSTANDING THE FACT THAT MATTHEWS HAD HAD NO SLEEP FOR MANY HOURS HE VOLUNTARILY ACCOMPANIED SA [REDACTED] AND [REDACTED] AND LYNWOOD POLICE DEPARTMENT OFFICER TO THE HOLLYWOOD HILLS TO POINT OF HIS RELEASE AS WELL AS TO A DRIVE-IN THEATRE WHERE HE BELIEVES HE WAS DRIVEN BY EMILY HARRIS AND ASSOCIATES. AT APPROXIMATELY 7:00 P.M., MAY 18, 1974, MATTHEWS
TELEPHONICALLY CONTACTED SA [REDACTED] AT [REDACTED] RESIDENCE.

HE STATED HE HAD IMPORTANT INFORMATION TO FURNISH [REDACTED]
[REDACTED]

MATTHEWS WAS CONVINCED THAT WHATEVER INFORMATION HE POSSESSED
AND HAD NOT PREVIOUSLY FURNISHED MUST BE IMMEDIATELY FURNISHED
TO THE FBI IN VIEW OF THE IMPORTANCE AND MAGNITUDE OF THIS
INVESTIGATION. HE AGREED TO DO SO. AT THIS MOMENT MATTHEWS
STATED THAT "THE OTHER GIRL WAS PATTI HEARST". SA [REDACTED]
TOLD MATTHEWS HE WOULD BE AT HIS RESIDENCE WITHIN THE HOUR AND
INSTRUCTED MATTHEWS NOT TO MOVE.

APPROXIMATELY ONE HOUR LATER MATTHEWS WAS PERSONALLY
CONTACTED BY SA [REDACTED] AND SA [REDACTED] HE WAS
INTERVIEWED IN A BUREAU AUTOMOBILE. HE FURNISHED THE FOLLOWING
INFORMATION:

THE MALE INDIVIDUAL WHO WAS WITH EMILY HARRIS WHEN EMILY
ENTICED HIM INTO HIS VAN SAID TO HIM WHEN HE ENTERED THE VAN
"DO YOU KNOW WHO THIS IS" (HE WAS REFERRING TO A SECOND WHITE
FEMALE). THE MAN SAID "THIS IS TANIA. YOU PROBABLY KNOW WHO
SHE IS." BOTH THE MAN AND THE WOMAN IDENTIFIED AS TANIA SMILED.

AT THIS POINT A SPREAD OF 18 PHOTOGRAPHS OF BOTH MALE AND FEMALES WAS DISPLAYED TO MATTHEWS. MATTHEWS PICKED OUT THE PHOTOGRAPH OF PATRICIA HEARST AS THE INDIVIDUAL IDENTIFIED TO HIM AS TANIA. HE DESCRIBED HER AS A WHITE FEMALE, 28-25 YEARS OF AGE, 5'4", 110 POUNDS, SMALL MOLE ON LOWER RIGHT SIDE OF MOUTH, SMALL PERFECT TEETH WEARING DARK BROWN OR BLACK WIG WITH SHORT AFRO OR RINGLETS, BLACK SWEATER, FLAID SLACKS, CARRYING A KNIFE IN HER BELT, AND WEARING BROWN HIKING BOOTS. HE RECOGNIZED THE VOICE AND FACE OF PATRICIA HEARST FROM RADIO AND TELEVISION. AT THIS POINT SA [REDACTED] ASKED MATTHEWS IF HE WOULD VOLUNTARILY ACCOMPANY HIM TO THE FBI OFFICE IN LOS ANGELES AND IF HE WOULD VOLUNTARILY SUBMIT TO A POLYGRAPH EXAMINATION. MATTHEWS RESPONDED YES TO BOTH QUESTIONS. AT THIS POINT SA [REDACTED] DEPARTED THE BUREAU AUTOMOBILE AND ENTERED MATTHEWS RESIDENCE TO INTERVIEW MATTHEWS' FATHER.

SA [REDACTED] AGAIN DISPLAYED TO MATTHEWS APPROXIMATELY 18 PHOTOGRAPHS CONTAINING PICTURES OF BOTH MALES AND FEMALES. HE SPECIFICALLY REQUESTED MATTHEWS ATTEMPT TO IDENTIFY THE MALE WHO ACCOMPANIED EMILY HARRIS AT THE TIME HIS VAN WAS STOLEN. HE SELECTED THE PHOTOGRAPH OF WILLIAM HARRIS AND STATED IF THE MALE DICTED IN THIS PHOTOGRAPH HAD SHORT HAIR AND A FU MANCHU MOUSTACHE THE PHOTOGRAPH WOULD LOOK LIKE THE PICTURE OF THE MAN WHO ABDUCTED HIM. MATTHEWS RECALLED THAT TANIA TOLD HIM

THEY WERE DISAPPOINTED WITH THE FOOD DISTRIBUTION IN THE BAY AREA AND SHE SAID HER FATHER HAD NOT DONE EVERYTHING POSSIBLE TO GET HER BACK. TANIA TOLD HIM SHE HAD NOT BEEN A WILLING KIDNAP VICTIM BUT HAD LEARNED TO ACCEPT THE SLA WAYS BECAUSE OF THE ACTIONS OF HER FATHER. TANIA SAID THE FBI WAS TRYING TO KILL HER AND OFFERED AS EVIDENCE THE FBI HAD OFFERED A MAN IN OAKLAND \$250,000 FOR INFORMATION RELATING TO HER WHEREABOUTS. AT THIS POINT SA [REDACTED] RETURNED TO FBI AUTOMOBILE AND SA [REDACTED] AND MATTHEWS DROVE TO THE LOS ANGELES FBI OFFICE.

SAC ELNER F. LINBERG TELEPHONICALLY CONTACTED ASSISTANT DIRECTOR ROBERT GEBHARDT AND REQUESTED THE UTILIZATION OF A POLYGRAPH EXAMINATION TO VERIFY THE INFORMATION FURNISHED BY MATTHEWS. USE OF THE POLYGRAPH EXAMINATION WAS AUTHORIZED.

SA [REDACTED] AND SA [REDACTED] POLYGRAPH OPERATOR, REINTERVIEWED MATTHEWS PRIOR TO THE POLYGRAPH EXAMINATION AND HE FURNISHED THE FOLLOWING INFORMATION:

PATRICIA HEARST HAD ADMITTED TO HIM THAT SHE HAD BEEN A WILLING PARTICIPANT IN THE BANK ROBBERY IN SAN FRANCISCO AND SHE HAD BEEN IN THE VAN OUTSIDE OF MEL'S SPORTING GOODS STORE IN INGLEWOOD, CALIFORNIA, AND FIRED THE SHOTS INTO THE STORE FRONT IN AN EFFORT TO AID THE ESCAPE OF HER TWO CONRADS. AT ONE POINT

IN THE CONVERSATION, WILLIAM HARRIS COMMENTED ABOUT THE LOS ANGELES FREE PRESS NEWSPAPER OPENLY ADVERTISING SEXUAL INTERCOURSE OR WHORE HOUSES AT WHICH TIME PATRICIA COMMENTED TO THE EFFECT, AT LEAST IN THE "BERKELEY BARB" THEY HAVE THE DECENCY TO ADVERTISE THESE PLACES AS MASSAGE PARLORS.

HE OBSERVED PATRICIA HEARST LOADING AN AUTOMATIC RIFLE AFTER ENTERING THE VAN AND OPENLY TALKED TO HER AS THE BLANKET THAT COVERED HIM WAS REMOVED WHEN THEY WERE PARKED IN THE DRIVE-IN MOVIE AND OTHER LOCATIONS. HE STATED PATTY, WHO WAS IN THE REAR OF THE VAN WITH HIM APPEARED TO BE CONCERNED ABOUT HIS WELFARE SINCE SHE KEPT ASKING HIM IF HE WAS COMFORTABLE WHILE HE WAS UNDER THE BLANKET.

MATTHEWS INDICATED THAT THE ONLY TIME HE WAS IN FEAR OF HIS LIFE WAS WHEN THE VAN WAS FIRST TAKEN OVER. HE SAID HE MADE NO EFFORT TO ESCAPE SINCE HE WAS CONVINCED THE PEOPLE DID NOT INTEND TO HARM HIM.

AT ABOUT 10:45 A.M., MAY 19, 1974, MATTHEWS FURNISHED THE FOLLOWING INFORMATION TO SA [REDACTED] AND SA [REDACTED] IN THE LOS ANGELES OFFICE.

IN HIS CONVERSATIONS WITH PATTY HEARST, HE ASKED THE QUESTION, "WHY DID THEY ROB THE BANK IN SAN FRANCISCO?" SHE STATED THAT THEY NEEDED THE MONEY. PATTY ADVISED HIM THAT SHE WAS A VOLUNTARY PARTICIPANT AND WAS DEFINITELY NOT FORCED TO COOPERATE. SHE STATED THAT THE FBI FIXED THE PICTURE AS THERE WERE NO GUNS POINTED AT HER. SHE STATED THAT THEY HAD PLANNED THE OPERATION SO THAT EACH PERSON WOULD BE ABLE TO COVER ONE ANOTHER AND HAVE CERTAIN DEGREES OF RANGE TO COVER. PATTY STATED THEY FIGURED THEY HAD TO BE VERY QUICK, AT LEAST ONE AND A HALF TO TWO MINUTES AND THAT THEY HAD ADDITIONAL CONRADs OUTSIDE OF THE BANK TO HELP IF NECESSARY. SHE ADVISED THAT SHE ALWAYS CARRIES HER GUN ON HER HIP AND COULD HAVE EASILY USED IT AT ANY POINT DURING THE BANK ROBBERY.

PATTY ADVISED MATTHEWS THAT SHE WAS THE INDIVIDUAL THAT FIRED THE WARNING SHOTS FROM THE VAN IN FRONT OF THE SPORTING GOODS STORE IN INGLEWOOD, CALIFORNIA. SHE ADVISED THAT SHE FIRED A FULL CLIP OF SHELLS AND GRABBED ANOTHER CLIP BUT DID NOT USE IT AS HER CONRADs HAD ESCAPED. PATTY STATED

THAT IT WAS VERY LUCKY THAT SHE WAS NOT READING A NEWSPAPER DURING HER CONRAD'S STRUGGLE IN FRONT OF THE SPORTING GOODS STORE AND WAS ABLE TO ASSIST THEM. SHE WAS VERY GLAD TO SEE HER TWO CONRAD'S COME ACROSS THE STREET UNHARMED.

ON MAY 19, 1974, A TAPE RECORDING OF FIVE WHITE FEMALE'S VOICES WAS PREPARED IN THE LOS ANGELES OFFICE. INCLUDED WAS THE VOICE OF PATTY HEARST TAKEN FROM A TAPE RECORDING RECEIVED FROM THE S.A. 8/18/74. IN THE PRESENCE OF SA [REDACTED] SA [REDACTED]

AND SA [REDACTED] MATTHEWS INSTANTLY PICKED THE VOICE OF PATRICIA HEARST AS BEING THE VOICE OF THE SAME INDIVIDUAL THAT HE WAS INTRODUCED TO AS TANIA.

Later that evening, Tom Dean Matthews was abducted from his home, 10871 Elm Street, Lynwood, California. Matthews was approached by Emily Harris on the guise she was interested in buying his van which was parked outside with a for sale sign. When young Matthews, age ¹⁸18, went out to let Emily Harris drive the van, he was confronted by William Harris and Patricia Hearst. He was forced to accompany them for the next 12 hours as they drove around Los Angeles subsequently abandoning him and the van in the Hollywood Hills. During this period of time they drove around, young Matthews claims he saw Patricia Hearst load an automatic weapon and William and Emily Harris handle the automatic weapon. Patricia Hearst, who was introduced to him by William Harris as Tania, told him she had participated in the robbery of a bank in San Francisco and she was the one who had fired shots at Mel's Sporting Goods, Inglewood that day to help the Harris' escape. All three of these individuals told Matthews that they were with the SLA.

Mr. Sullivan stated the Harris' and Patricia Hearst were last known to be in the Griffith Park area of Los Angeles shortly after noon Friday, May 17, 1974. It is not known at this time by the FBI as to what if any vehicle they are using.

SAC Swede Larson, Los Angeles Division, telephonically advised at 3:27 p.m., this date the individuals mentioned by hostage Christine Johnson who were Brenda Daniels and Minney Lewis had been accounted for and were being interviewed today. Therefore, these two individuals were eliminated as possible victims in the fire.

At 4:55 p.m., SAC, Larson, advised all six individuals found had suffered from gunshot wounds. Atwood had received five wounds in her arm and buckshot was found in her back, neither of these caused her death; it had been determined she had died from thermal burns.

De Freeze had bullet wounds in his arm and the Los Angeles coroner advised that as he was dying of smoke inhalation he shot himself in the head.

Perry and Soltysik died from multiple gunshot wounds. Hall died from a gunshot in the head. Wolfe also had gunshot wounds but he had died from smoke inhalation and extensive burns.

These bodies were found as follows:

Atwood and Hall were found in southwest corner of the house (which is the back) while Perry was found outside this area and had apparently just fallen there once the walls had burned to the ground. Wolfe, De Freeze, Soltysik, were found within southeast corner of the house which is the bathroom area.

U. S. Attorney, James L. Browning, Jr., said today in San Francisco that Federal bank robbery complaints on Donald David DeFreeze, Camilla Ball, Patricia Saltysnik, and Nancy Ling Perry will be dismissed as soon as official confirmation of their deaths in Los Angeles this past weekend is received.

Browning said that, inasmuch as a grand jury in San Francisco is presently conducting an investigation into the robbery of the Hibernia Bank, Sunset Branch Office, San Francisco, on April 15, 1974, no further legal process is expected with respect to the involvement of Patricia Hearst in that crime, pending the completion of the grand jury's investigation. A material witness warrant for the arrest of Miss Hearst was previously issued to secure her presence with respect to that investigation. "I have been advised," said Browning, "by the U. S. Attorney in Los Angeles that he is preparing a complaint for Miss Hearst for violation of the Federal Firearms
